RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 13 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eleventh year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in

adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc.

Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing,

block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

The Microsoft Azure certification program is a structured system for individuals to validate their expertise in working with Microsoft Azure, the cloud computing platform. It offers role-based certifications for various job roles and is divided into levels, including Fundamentals, Associate, Expert, and Specialty certifications. The program emphasizes continuous learning and requires re-certification. Candidates need to pass specific Azure certification exams, and Microsoft provides resources for exam preparation. Earning Azure certifications can advance careers, increase earning potential, and validate cloud skills. The program evolves to stay current with the latest Azure services and industry trends.

Program Schedule for A Two-Week Certificate Program on “Azure Microsoft”

Duration	Program
Day1: 11-10-2021 09:30AM-12:50PM 01:30PM-03:50PM	Azure Fundamentals: <ul style="list-style-type: none">❖ Introduction to Azure and cloud computing.❖ Create an Azure account, explore the Azure portal, and navigate through services.
Day2: 12-10-2021 09:30AM-12:50PM 01:30PM-03:50PM	Azure Virtual Machines and Networking: <ul style="list-style-type: none">❖ Understanding Azure VMs.❖ Deploy a Windows or Linux VM in Azure. Set up a virtual network and VPN.
Day3: 16-10-2021 09:30AM-12:50PM 01:30PM-03:50PM	Azure Storage and Backup: <ul style="list-style-type: none">❖ Introduction to Azure Storage services.❖ Create Azure Storage accounts and containers. Configure Azure Backup.
Day4: 18-10-2021 09:30AM-12:50PM 01:30PM-03:50PM	Azure Identity and Access Management: <ul style="list-style-type: none">❖ Introduction to Azure Active Directory.❖ Manage users, groups, and security in Azure AD.
Day5: 19-10-2021 09:30AM-12:50PM 01:30PM-03:50PM	Azure App Services and Web Applications: <ul style="list-style-type: none">❖ Introduction to Azure App Services.❖ Deploy a web application using Azure App Service.
Day6: 20-10-2021 09:30AM-12:50PM 01:30PM-03:50PM	Azure Security and Compliance: <ul style="list-style-type: none">❖ Azure security features and best practices.❖ Configure Azure policies and compliance settings.
Day7: 21-10-2021 09:30AM-12:50PM 01:30PM-03:50PM	Azure Monitoring and Optimization: <ul style="list-style-type: none">❖ Introduction to Azure Monitor and Application Insights.❖ Set up monitoring and optimization for Azure resources.
Day8: 22-10-2021 09:30AM-12:50PM 01:30PM-03:50PM	Azure Databases and Data Services: <ul style="list-style-type: none">❖ Introduction to Azure databases.❖ Create and manage Azure SQL Database and other data services.
Day9: 23-10-2021 09:30AM-12:50PM 01:30PM-02:00PM 02:30PM-03:30PM	Review and Practice Exam: <ul style="list-style-type: none">❖ Review key concepts and practice exam questions.❖ Take a practice exam to assess your knowledge.

PROGRAM REPORT

Name and Title of the Program: “A Two-Week Certificate Program on Azure Microsoft”

Date of Duration: 11-10-2021 to 23-10-2021

Objective of the Program:

The objectives of using Microsoft Azure include achieving scalability, cost efficiency, global reach, reliability, and security. It aims to streamline data storage and management, application development, IoT and AI integration, and compliance and governance. Additionally, Azure is used for disaster recovery, content delivery, analytics, machine learning, automation, and containerization. It supports application modernization, enhances collaboration and productivity, and aids in educational and research initiatives. Ultimately, Azure enables innovation and competitive advantage by harnessing its versatile cloud services for various purposes.

Out Comes of the Program:

Microsoft Azure offers a wide range of outcomes and benefits for organizations and individuals, including scalability, cost savings, global reach, high availability, security, data management and analytics, accelerated application development, hybrid and multi-cloud solutions, IoT and AI integration, governance and compliance, disaster recovery, content delivery, data-driven decision-making, machine learning, automation, containerization, application modernization, collaboration, and educational opportunities. Leveraging Azure can lead to innovation, improved competitiveness, and enhanced productivity, making it a versatile and powerful cloud platform for diverse use cases.

No. of Participants: 71

RESOURCE PERSON PROFILE

Name of the Certificate program: An add on Two week certificate on “Azure Microsoft”

Name of the Resource Person: Mr. Ch.Gopi

Ch. Gopi, is working as Assistant Professor of CSE, Rajamahendri Institute of Engineering & Technology, Rajamahendravaram. He completed MTECH Cse from Aditya Engineering college surampelm in 2016. He has over Five years of academic experience , He had earned Bachelor of Engineering in Computer Science and Engineering from QIS College of Engineering & Technology, Ongole (Affiliated to JNTU Hyderabad), in 2003, and M.Tech. in Information Technology from Andhra University, Visakhapatnam, Andhra Pradesh in 2006.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 13 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eleventh year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the

management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

1. To introduce the basic concepts, theories, and state-of-the-art techniques of artificial intelligence.
2. To introduce basic concepts and applications of machine learning.
3. Help students to learn the application of machine learning /A. I algorithms in the different fields of science, medicine, finance etc.

Topics to be Covered

- Introduction to AI
- Problem solving using search.
- Predicate Logic
- Planning
- Uncertainty in A.I
- Machine Learning
- Advanced applications

Date: 03-11-2021

PROGRAM REPORT

Name and Title of the Program: A Two-Week Certificate Program on “Artificial Intelligence”.

Date & Time: 19-10-2021 to 30-10-2021 & 10:00 AM to 5:00 PM

Resource Person: Ms. D. Jyothi, Assistant Professor, Dept of ECE, RIET.

Name of The Coordinator: Mr. N.P.U.V.S.N Pavan Kumar ,Assistant Professor , Dept of ECE, RIET.

Objectives of the Program:

1. Gain a historical perspective of AI and its foundations .
2. Become familiar with basic principles of AI toward problem solving, inference, perception, knowledge representation, and learning
3. Investigate applications of AI techniques in intelligent agents, expert systems, artificial neural networks and other machine learning models.
4. Experience AI development tools such as an 'AI language, expert system shell, and/or data.

Outcomes of the Program:

1. Demonstrate fundamental understanding of the history of artificial intelligence (AI) and its foundations.
2. Apply basic principles of AI in solutions that require problem solving, inference, perception, knowledge representation, and learning.
3. Demonstrate awareness and a fundamental understanding of various applications of AI techniques in intelligent agents, expert systems, artificial neural networks and other machine learning models.
4. Demonstrate proficiency developing applications in an 'AI language', expert system shell, or data mining tool.

No of Participants:14

RESOURCE PERSON PROFILE

Name of the Certificate Program: A Two-Week Certificate Program on “Artificial Intelligence (AI)”.

Name of the Resource Person: Ms. D. Jyothi

She completed M.Tech in ECE at JNTUK, 6 years of excellent teaching skills in relevant subjects. Her area of specialization on Artificial Intelligence and Best Knowledge in Artificial Intelligence. Senior Faculty as an Assistant Professor in the Electronics and Communication Engineering Department is a distinguished position that encompasses advanced teaching, significant research contributions, and leadership within the academic community.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 13 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eleventh year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe

in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc.

Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud

computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

Big Data Analytics is a multidisciplinary field focused on deriving insights and patterns from large, complex datasets. It involves processing, analyzing, and interpreting data to inform data-driven decision-making and innovation. Key elements include dealing with vast volumes, high velocity, and diverse data types, utilizing various tools and technologies, data collection and pre-processing, analysis, real-time processing, machine learning, industry applications, and data security. Big Data Analytics empowers organizations to make data-driven decisions, enhance operations, and innovate across industries.

Day1: 06-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Introduction to Big Data and Analytics: <ul style="list-style-type: none">• Introduction to Big Data• Data vs. Big Data• Data Analytics Lifecycle• Tools and technologies in Big Data Analytics
Day2: 07-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Data Ingestion and Storage: <ul style="list-style-type: none">• Data ingestion techniques• Hadoop Distributed File System (HDFS)• Introduction to Apache Spark• Data storage strategies
Day3: 08-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Data Processing with Spark: <ul style="list-style-type: none">• Spark architecture• Resilient Distributed Datasets (RDDs)• Spark transformations and actions
Day4: 09-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Data Exploration and Visualization: <ul style="list-style-type: none">• Data exploration and preprocessing• Introduction to data visualization• Common visualization tools
Day5: 10-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Machine Learning for Big Data: <ul style="list-style-type: none">• Introduction to machine learning• Supervised vs. unsupervised learning• Machine learning algorithms for Big Data

Day6: 11-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Deep Learning for Big Data: <ul style="list-style-type: none">• Introduction to deep learning• Neural networks and deep learning frameworks• TensorFlow and Keras
Day7: 13-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	NoSQL Databases for Big Data: <ul style="list-style-type: none">• Introduction to NoSQL databases• Types of NoSQL databases• MongoDB and Cassandra
Day8: 14-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Real-time Data Processing: <ul style="list-style-type: none">• Stream processing vs. batch processing• Apache Kafka for event streaming
Day9: 15-12-2021 09:30AM-12:50PM 01:30PM-02:00PM 02:30PM-03:30PM	Data Security and Privacy: <ul style="list-style-type: none">• Data security challenges in Big Data• Privacy regulations and compliance• Data encryption and access control
Day10: 16-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Big Data Analytics in the Cloud: <ul style="list-style-type: none">• Cloud computing for Big Data• AWS, Azure, and GCP
Day11: 17-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Big Data Project Development: <ul style="list-style-type: none">• Formulating a Big Data project• Project management and best practices
Day12: 18-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	Big Data Analytics Applications and Future Trends: <ul style="list-style-type: none">• Real-world use cases of Big Data Analytics• Emerging trends in Big Data• Final project presentations by participants

PROGRAM REPORT

Name and Title of the Program: An Add on 2 Week Certificate Program on “Big Data Analytics”

Course of Duration: 06-12-2021 to 18-12-2021

Objectives of the Program:

1. Provide a comprehensive understanding of Big Data Analytics fundamentals.
2. Equip participants with technical skills for working with Big Data tools.
3. Introduce machine learning and deep learning for data analysis.
4. Foster hands-on experience and practical application.
5. Train participants in data exploration, preprocessing, and visualization.
6. Familiarize participants with NoSQL databases and handling unstructured data.
7. Teach real-time data processing with tools like Apache Kafka.
8. Educate participants on data security, privacy, and compliance.
9. Integrate cloud computing for scalable Big Data solutions.
10. Encourage project development for practical problem-solving.
11. Enhance communication and presentation skills for effective reporting.
12. Keep participants updated on industry trends and emerging technologies.
13. Provide a valuable certification upon program completion.

Out Comes of the Program:

1. Understand Big Data fundamentals and its significance.
2. Use Big Data tools effectively for data management.
3. Apply machine learning for predictive modeling.
4. Utilize deep learning techniques for advanced data analysis.
5. Apply learned skills to real-world problem-solving.
6. Explore and analyze data to derive meaningful insights.
7. Work with NoSQL databases for unstructured data handling.

8. Process real-time data using tools like Apache Kafka.
9. Implement data security measures and comply with privacy regulations.
10. Integrate cloud computing for scalable data solutions.
11. Lead and manage Big Data projects effectively.
12. Communicate data findings and results clearly.
13. Stay updated on industry trends and emerging technologies.
14. Receive a certificate of proficiency upon program completion for enhanced career opportunities in Big Data Analytics.

No. of Participants: 73

RESOURCE PERSON PROFILE

Name of the certificate program: An add on 2 week certificate program on “Big Data Analytics”

Name of the Resource Person: Mrs. K. Jyothi

She was completed M.Tech in Computer Science and Engineering and technology at Godavari Institute of Engineering and Technology , Three years of excellent teaching skills in Software Engineering and Programming Languages. Assistant professor in the Computer Science and Engineering Department and she chaired the technical sessions held in college, significant research contributions, and leadership within the academic community. Beyond being an educator , she is a guide students navigate the complexities of computer science.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 13 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eleventh year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence.

All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

This certificate program provides knowledge to students for understanding the Variables, data types, strings, operators, lists, tuples, sets, dictionaries, functions, arrays, and classes/objects in Python.

Topics to be Covered

- Introduction to Python
- Python Data Types
- Logical and Arithmetic Operators
- Working with Users Inputs

Outcome of the event

- After attending the certificate program students will be able to Use if-else statements and switch-case statements to write programs in python to tackle any decision-making scenario.
- Master object-oriented programming to create an entire python project using objects and classes.
- Store and retrieve information using variables

PROGRAMSCHEDULE

Program Schedule for “A Two-Week Certificate Program on Python Programming”

Duration	Program
Day1:07-12-2021 9:30AM-12:50PM 01:30PM-03:50PM	➤ Introduction to Python
Day2: 08-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Program Development ➤ Data Types and Expressions
Day3: 10-12-2021 10:30AM-12:50PM 01:30PM-03:50PM	➤ String Assignment ➤ Numeric Data types
Day4: 11-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Character Sets
Day5: 13-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Using Function and Modules
Day6: 14-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Decision Structures ➤ Boolean logic
Day7: 15-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Nested Decision Structures
Day8: 16-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Comparing Strings ➤ Logic Operators
Day9: 17-12-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Boolean Variables

PROGRAM REPORT

Name and Title of the Program: “A Two-Week Certificate Program on Python Programming”

Date & Time: 07-12-2021 to 21-12-2021 & 10:00AM to 5:00PM

Resource Person: Mr. CH. GOPI, Assistant Professor, RIET

Name of the Coordinator: Mr. K. Ravi Kumar, Assistant Professor, RIET

Objectives of the Program:

- The Objectives of Python Programming are
- To learn about Python programming language syntax, semantics, and the runtime environment
- To be familiarized with universal computer programming concepts like data types, containers
- To be familiarized with general computer programming concepts like conditional execution, loops & functions
- To be familiarized with general coding techniques and object-oriented programming

Out Comes of the Program:

- Develop essential programming skills in computer programming concepts like data types, containers.
- Apply the basics of programming in the Python language
- Solve coding tasks related conditional execution, loops
- Solve coding tasks related to the fundamental notions and techniques used in object-oriented programming.

No of Participants: 25

Coordinator

RESOURCEPERSONPROFILE

Name of the Certificate Program: "A Two- Week Certificate Program on "Python Programming"

Name of the Resource Person: Mr. CH.GOPI

He completed M.Tech in ECE at JNTUK, 6 years of excellent teaching skills in relevant subjects. His area of specialization on Micro Wave Engineering and Best Knowledge in python. Senior Faculty as an Assistant Professor in the Computer Science and Engineering Department is a distinguished position that encompasses advanced teaching, significant research contributions, and leadership within the academic community.

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC

Bhoopalapatnam, RAJAMAHENDRAVARAM,

AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 13 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eleventh year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the

institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Mechanical Engineering . At present, the department offers Graduate degree . Mechanical Engineering Department is highly reputed for producing eminent engineers Mechanical Engineering Department is highly reputed for producing eminent engineers as professionals, researchers and entrepreneurs. Department has strong industry The Department has well-equipped laboratories such as pneumatics and hydraulic, Refrigeration and Air Conditioning, hydraulics Machinery, Theory of machines, thermal engg Lab, heat transfer lab, metrology, mettargy machine tool lab. Engineering work shop , production technology lab. Instrumentation and measurements lab. Many of its alumni occupy key positions in industries and institutions in India and abroad. The department is proud to be collaborated with well-known industries in niche areas.

About the Program

3D Printing, sometimes called additive manufacturing or rapid prototyping, is all about building 3D objects using plastic and other materials from a digital design. As a technology, it has actually been around and in use by engineers and designers. The usage of some personal 3D printers is going to make an impact on the industry by reducing the price of the product in a drastic way..

Learning outcomes

- ✧ Understand the basics of 3D Printing.
- ✧ Develop a CAD model for their 3D printer
- ✧ Select and install from various firmware.
- ✧ Calibrate the printer for best performance
- ✧ Operate the 3D printer to produce required objects

Program Report

Name of the Event: A Two-Week Add-on Programs On “FDM in 3D Printing”.

Date / Duration: 20-12-2021 to 01-01-2022, 10:00 AM to 5:00 P.M.

Objective of the event:

The Program is of 2 weeks. The course is aimed at giving knowledge on the Development of FDM based 3D Printer. This course will make the learner to select materials on their own to build and use their own 3D printers which were designed using commercial CAD software.

Outcome of the event:

After attending the certificate program students will be able to

- Understand the basics, various types, Processes and Applications involved in the 3D Printing/Additive Manufacturing.
- Develop a CAD model for their 3D printer.
- Select the mechanical and electronic components required to make their 3D printer.
- Operate various open source software used for slicing the STL files
- Select and install from various firmware.
- Calibrate the printer for best performance
- Operate the 3D printer to produce required objects.

Number of students attended:44

RESOURCE PERSON PROFILE

Name of the Resource Person: Dr. M Murali Krishna

Dr. M Murali Krishna is the principal of esteemed Rajamahendri Institute of Engineering and Technology, Rajamahandravaram. He is a well known Professor in Mechanical Engineering, Having more than 25 years of experience in teaching and industry. He worked in IT industry for IBM, Bangalore and Virizon Business, Ashburn, Virginia, USA. Also, He has around 20 years of teaching experience in various reputed Engineering Colleges. He has been worked as a principal from last 10 years. He is a specialist who can work individually or as a team member. He has great skill in organizing things right from the scratch. He is a good motivator and will definitely an asset to any organization in which he is employed. He is visionary leader to manage educational transformation in the institution.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 13 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eleventh year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced

technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electrical Engineering is one of the oldest departments of Engineering. Established as one of the major departments of the Institute, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers undergraduate (B.Tech). The department can boast about 10 well equipped labs, latest simulation and design software, excellent staff-student ratio who are continuous engaged in teaching-learning process.

One batch have successfully completed their degree and are placed as well. The dept keen on developing consultancy services and welcomes funding research from outside agencies. We look at the potential contribution that our staff and students can make towards this aspect and strengthen the department further.

About the Program

Introduce some background and related technologies of IOT and discuss the

concepts and objectives of IOT. Present the challenges and key scientific problems involved in IOT development. After attending the workshop students will be able to Improve Efficiency. Data is key to successfully improving productivity and operational efficiency with IOT solutions, Gain Competitive Edge, Expand Your IOT View.

Topics to be Covered

- ✓ Introduction to IOT
- ✓ IOT and M2M
- ✓ Introduction to Python
- ✓ IOT Physical Devices and End Points
- ✓ IOT Physical Server and Cloud Offering
- ✓ Web Server for IOT

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 13 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eleventh year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the

management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

- To introduce the Building Blocks of Embedded System.
- To Educate in Various Embedded Development Strategies
- To Introduce Bus Communication in processors, Input/output interfacing.
- To impart knowledge in various processor scheduling algorithms.
- To introduce Basics of Real time operating system.

Topics to be Covered

- Identify hardware and software components to build an embedded system
- Porting of OS on to ARM processor board.
- Demonstrate Deadlock situation in RTOS
- Demonstrate Inter-task communication methods in RTOS.

PROGRAM REPORT

Name and Title of the Program: A Two Week Certificate Program On “EMBEDDED SYSTEMS”.

Date & Time: 01-03-2022 to 12-03-2022 & 10:00 AM to 5:00 PM.

Resource Person: Mr. T. Gangadhar Rao, Assistant Professor, RIET.

Name of The Coordinator: Ms. D. Jyothi, Assistant Professor, ECE.

Objective of the program:

- 1) To introduce the Building Blocks of Embedded System.
- 2) To Educate in Various Embedded Development Strategies.
- 3) To Introduce Bus Communication in processors, Input/output interfacing.
- 4) To impart knowledge in various processor scheduling algorithms.
- 5) To introduce Basics of Real time operating system and example tutorials to discuss on one real time operating system tool.

Outcomes Of The Program :

Acquire a basic knowledge about fundamentals of microcontrollers Acquire a basic knowledge about programming and system control to perform a specific task. Acquire knowledge about Is devices and buses used in embedded networking Develop At programming skills in embedded systems for various applications. Acquire knowledge about basic concepts of circuit emulators. Acquire knowledge about Life cycle of embedded design and its testing.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 13 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eleventh year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in

adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc.

Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics,

software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

An ethical hacking certificate program is an educational course that trains individuals in ethical hacking and penetration testing. It includes a comprehensive curriculum, hands-on learning, certification exams, and a strong focus on legal and ethical guidelines. Completion of the program can lead to various cyber-security career opportunities, and it emphasizes ongoing learning and industry recognition.

Duration	Program
Day1: 14-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Introduction to Ethical Hacking: <ul style="list-style-type: none">• Welcome and course overview• What is ethical hacking?• The role of ethical hackers in cybersecurity• Legal and ethical considerations• Setting up a virtual lab environment• Common hacking terminologies
Day2: 15-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Footprinting and Reconnaissance: <ul style="list-style-type: none">• Information gathering techniques• Passive vs. active reconnaissance• Tools for footprinting• Open-source intelligence (OSINT) techniques
Day3: 16-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Scanning and Enumeration: <ul style="list-style-type: none">• Port scanning techniques• Service enumeration• Banner grabbing• Vulnerability scanning with Nessus
Day4: 17-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Network Hacking: <ul style="list-style-type: none">• Understanding network protocols• Sniffing and eavesdropping• ARP poisoning and MiTM attacks• Implementing network security countermeasures
Day5: 18-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Web Application Security: <ul style="list-style-type: none">• Common web vulnerabilities• SQL injection and Cross-Site Scripting (XSS)• Web application security testing tools• Web application firewall (WAF) bypass techniques
Day6: 19-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Wireless Network Hacking: <ul style="list-style-type: none">• Wireless security protocols (WEP, WPA, WPA2)• Cracking Wi-Fi passwords• Rogue access points• Wireless network security best practices

eMail: office@rietjy.co.in Website: www.rietjy.co.in Ph: +91 91212 14413

Day7: 21-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	System Hacking and Malware: <ul style="list-style-type: none">• Privilege escalation• Password cracking• Malware types and analysis• Malware analysis in a controlled environment
Day8: 22-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Social Engineering: <ul style="list-style-type: none">• Psychological aspects of social engineering• Common social engineering attacks• Phishing and spear-phishing• Defending against social engineering
Day9: 23-03-2022 09:30AM-12:50PM 01:30PM-02:00PM 02:30PM-03:30PM	Cryptography and Encryption: <ul style="list-style-type: none">• Cryptographic principles• Encryption algorithms• Digital signatures and certificates• Secure communication and data protection
Day10: 24-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Cloud and IoT Security: <ul style="list-style-type: none">• Security challenges in the cloud• Securing cloud environments• IoT security risks and best practices• Mitigating cloud and IoT vulnerabilities
Day11: 25-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Incident Response and Forensics: <ul style="list-style-type: none">• Preparing for incident response• Cybersecurity incident types• Digital forensics process• Legal aspects of cybersecurity investigations
Day12: 26-03-2022 09:30AM-12:50PM 01:30PM-03:50PM	Capstone Project and Certification: <ul style="list-style-type: none">• Group project: Identify and resolve security vulnerabilities• Preparing a comprehensive report• Final project presentations• Certification and course closure

PROGRAM REPORT

Name and Title of the Program: An Add on Two-Week Certificate Program on “The Art of Ethical Hacking: Cyber Security in Practice”

Course of Duration: 14-03-2022 to 26-03-2022

Objectives of the Program:

- 1. Identify Security Weaknesses:** Discover vulnerabilities in systems and networks.
- 2. Assess Vulnerabilities:** Evaluate the severity and impact of these vulnerabilities.
- 3. Improve Security Measures:** Recommend changes to enhance security.
- 4. Test Defense Mechanisms:** Ensure the effectiveness of security tools and systems.
- 5. Compliance and Regulations:** Help meet industry-specific regulations and standards.
- 6. Prevent Data Breaches:** Stop breaches before they happen.
- 7. Minimize Downtime:** Reduce the risk of service disruptions.
- 8. Safeguard Sensitive Information:** Protect confidential data.
- 9. Education and Awareness:** Train employees on security best practices.
- 10. Continuous Improvement:** Promote ongoing security enhancement.
- 11. Incident Response Planning:** Develop and test response plans.
- 12. Legal and Ethical Adherence:** Operate within legal and ethical boundaries.

Out Comes of the Program:

Ethical hacking outcomes include identifying vulnerabilities, assessing risks, enhancing security, testing defenses, ensuring compliance, preventing data breaches, minimizing downtime, protecting sensitive information, raising employee awareness, fostering continuous improvement, preparing for incident responses, and adhering to legal and ethical standards. These outcomes collectively bolster an organization's cyber security, reduce risks, and maintain legal and ethical integrity.

No. of Participants: 78

RESOURCE PERSON PROFILE

Name of the certificate program: An add on Two week certificate on “Art of Ethical Hacking: Cyber Security in practice.”

Name of the Resource Person: Mrs. S. Bharathi Devi

S.Bharathi Devi is working as Assistant Professor of CSE Dept, Institute of Engineering & Technology, Rajamahendravaram. She completed MTech-Cse from Godavari Institute of Engineering & Technology, Rajahmundry in 2014. She has above seven years of academic experience , She had earned Bachelor of Engineering in Computer Science and Engineering from Pragathi Institute Of Engineering and technology, in 2011. She motivated many students to choose the Right path in their Carrier. Beyond being an educated, She guided many students to navigate the complexities in computer science.
