CIRCULAR

It is here by informed to all 4th B.Tech ECE A & B that is our college conducting A Two Week Certificate Program on “Embedded Systems” on 01st October 2020 to 17th October 2020. All the students give their names to coordinator listed below on or before 15th September 2020. Hence all the students here by informed to attend the classes without fail.

Venue: Seminar Hall, RIET.

Coordinator: K.Ravi kumar, Assistant Professor, Dept. of ECE,RIET.

RAJAMAHENDRI

INSTITUTE OF ENGINEERING & TECHNOLOGY

Approved by AICTE, New Delhi Affiliated

by JNTUK and Accredited by NAAC

Bhoopalapatnam, RAJAMAHENDRAVARAM,

AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the

management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

- To introduce the Building Blocks of Embedded System.
- To Educate in Various Embedded Development Strategies
- To Introduce Bus Communication in processors, Input/output interfacing.
- To impart knowledge in various processor scheduling algorithms.
- To introduce Basics of Real time operating system.

Topics to be Covered

- Identify hardware and software components to build an embedded system
- Porting of OS on to ARM processor board.
- Demonstrate Deadlock situation in RTOS
- Demonstrate Inter-task communication methods in RTOS.

PROGRAM REPORT

Name and Title of the Program: A Two Week Certificate Program On “Embedded Systems”

Date & Duration: 01-10-2020 to 17-10-2020 & 10:00 AM to 5:00 PM.

Resource Person : Mr. D. Vijay Harsha Vardhan, Assistant Professor, Dept of ECE ,RIET.

Name of The Coordinator: Mr. K. Ravi Kumar, Assistant Professor, Dept of ECE, RIET.

Objective of the program:

1. To introduce the Building Blocks of Embedded System.
2. To Educate in Various Embedded Development Strategies.
3. To Introduce Bus Communication in processors, Input/output interfacing.
4. To impart knowledge in various processor scheduling algorithms.
5. To introduce Basics of Real time operating system and example tutorials to discuss on one real time operating system tool.

Outcomes Of The Program :

1. Acquire a basic knowledge about fundamentals of microcontrollers
2. Acquire a basic knowledge about programming and system control to perform a specific task.
3. Acquire knowledge about devices and buses used in embedded networking Develop programming skills in embedded systems for various applications
4. Acquire knowledge about basic concepts of circuit emulators.
5. Acquire knowledge about Life cycle of embedded design and its testing.

Number of students attended: 25

RESOURCE PERSON PROFILE

Name of the Certificate Program: A Two-Week Certificate Program on “Embedded Systems”.

He completed M.Tech in ECE at JNTUK, 8 years of excellent teaching skills in relevant subjects. His area of specialization is Embedded Systems and Good skills in “Embedded C”. Senior Faculty as an Assistant Professor in the Electronics and Communication Engineering Department is a distinguished position that encompasses advanced teaching, significant research contributions, and leadership within the academic community.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in

adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc.

Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud

computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

The Rapid Android App Development Certificate Program is a condensed and practical course designed for individuals with basic programming knowledge. It covers essential topics, including user interface design, Java programming, data handling, networking, and material design, providing hands-on experience and culminating in the development of a complete Android app. Successful participants receive a certificate to validate their Android app development skills. This program is ideal for those looking to quickly acquire the fundamentals of Android app development.

PROGRAM SCHEDULE

Program Schedule for “A Two-Week Certificate Program on Rapid Android App Development”

Duration	Program
Day1: 02-11-2020 09:30AM-12:50PM 01:30PM-03:50PM	Introduction to Android Development: <ul style="list-style-type: none">➤ Introduction to Android platform and ecosystem.➤ Installing Android Studio.➤ Creating a "Hello, World!" Android app.
Day2: 03-11-2020 09:30AM-12:50PM 01:30PM-03:50PM	User Interface (UI) Design: <ul style="list-style-type: none">➤ Basics of XML layout files.➤ Designing UI elements using XML.➤ Introduction to views, view groups, and XML attributes.
Day3: 04-11-2020 09:30AM-12:50PM 01:30PM-03:50PM	UI Elements and Event Handling: <ul style="list-style-type: none">➤ Introduction to widgets (buttons, text views, etc.).➤ Handling user interactions.➤ Layouts and design principles.
Day4: 05-11-2020 09:30AM-12:50PM 01:30PM-03:50PM	Java Programming for Android: <ul style="list-style-type: none">➤ Variables, data types, and operators.➤ Control structures (if-else, loops).➤ Functions and method structure in Java.
Day5: 06-11-2020 09:30AM-12:50PM 01:30PM-03:50PM	Activities and Intents: <ul style="list-style-type: none">➤ Understanding Android activities and their lifecycle.➤ Creating and navigating between activities.➤ Passing data between activities using intents.
Day6: 07-11-2020 09:30AM-12:50PM 01:30PM-03:50PM	Data Storage and Permissions: <ul style="list-style-type: none">➤ Working with Shared Preferences for simple data storage.➤ Introduction to SQLite database for structured data.➤ Android permissions and handling security.
Day7: 09-11-2020 09:30AM-12:50PM 01:30PM-03:50PM	Networking and Web APIs: <ul style="list-style-type: none">➤ Making HTTP requests.➤ Parsing JSON data from web APIs.➤ Handling network responses and displaying data.
Day8: 10-11-2020 09:30AM-12:50PM 01:30PM-03:50PM	Working with Fragments: <ul style="list-style-type: none">➤ Introduction to Android fragments.➤ Creating UI with fragments.➤ Communicating between fragments and activities.

PROGRAM REPORT

Name and Title of the Program: "A Two-Week Certificate Program on Rapid Android App Development"

Course of Duration: 02-11-2020 to 14-11-2020

Objectives of the Program:

The objectives of rapid Android app development are to provide students with a condensed yet comprehensive education in Android development. This includes understanding user interface design, Java programming, activities, data storage, networking, and material design. The course emphasizes hands-on learning, encourages students to build a final project, and concludes with project presentations and graduation. The aim is to equip students with the fundamental skills to quickly create functional Android apps.

Out Comes of the Program:

The outcomes of a rapid Android app development course include students gaining proficiency in basic Android development, user interface design, Java programming, activity and intent management, data handling, networking, fragments, material design, app deployment and testing, and project development. Students also receive certificates upon successful course completion, marking their competence in rapid Android app development.

No. of Participants: 71

RESOURCE PERSON PROFILE

Name of the Certificate Program: A Two-Week Certificate Program on “Rapid Android App Development”

Name of the Resource Person: Mrs. A. Josh Mary

She was completed M.Tech in Information Technology at JNTUK, 10 years of excellent teaching skills in relevant subjects. Her area of specialization is Operating Systems and Good skills in Programming Languages. Senior Faculty as an Assistant Professor in the Computer Science and Engineering Department is a distinguished position that encompasses advanced teaching, significant research contributions, and leadership within the academic community.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajahmendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to

look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

- An understanding of microwave wave guides, passive & active devices tubes and network analysis.
- An ability to design microwave matching networks.
- An ability to perform microwave measurements.
- An understanding of Microwave measurements

Topics to be Covered

- Review of Transmission lines
- Wave guides
- Microwave networks:
- Microwave passive circuits
- Microwave tubes
- Microwave measurements

Date : 25-11-2020

PROGRAM REPORT

Name and Title of the Program: A Two-Week Certificate Program on “Micro Wave Engineering”

Duration & Time : 07-12-2020 to 19-12-2020 & 10.00 AM to 5.00 PM

Resource Person: Ms. D. Jyothi, Assistant Professor, Dept of ECE, RIET.

Name of The Coordinator: Mr.P.Venkata Ratnam ,Assistant Professor , Dept of ECE, RIET

Objectives of the Program:

1. An understanding of microwave waveguides, passive & active devices, tubes and network analysis.
2. An ability to design microwave matching networks.
3. An ability to perform microwave measurements.
4. An understanding of RADARs and its applications

Out Comes of the Program:

1. Explain different types of waveguides and their respective modes of propagation.
2. Analyze typical microwave networks using impedance, admittance, transmission and scattering matrix
3. Design microwave matching networks using L section, single and double stub and quarter wave
4. Explain working of microwave passive circuits such as isolator, circulator, Directional couplers, attenuators etc.
5. Describe and explain working of microwave tubes and solid state devices.
6. Perform measurements on microwave devices and networks using power meter and VNA.

No. of Participants: 36

RESOURCE PERSON PROFILE

Name of the Certificate Program: A Two-Week Certificate Program on “Micro Wave Engineering”

Name of the Resource Person: Ms. D. Jyothi

She completed M.Tech in ECE at JNTUK, 6 years of excellent teaching skills in relevant subjects. Her area of specialization on Micro wave Engineering and Best Knowledge Senior Faculty as an Assistant Professor in the Electronics and Communication Engineering Department is a distinguished position that encompasses advanced teaching, significant research contributions, and leadership within the academic community.

MECHANICAL ENGINEERING
RAJAMAHENDRI
**INSTITUTE OF ENGINEERING &
TECHNOLOGY**

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech, with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the

infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Mechanical Engineering At present, the department offers Graduate degree. Mechanical Engineering Department is highly reputed for producing eminent engineers Mechanical Engineering Department is highly reputed for producing eminent engineers as professionals, researchers and entrepreneurs. Department has strong industry The Department has well-equipped laboratories such as pneumatics and hydraulic, Refrigeration and Air Conditioning, hydraulics Machinery, Theory of machines, thermal engg Lab, heat transfer lab, metrology, mettargly machine tool lab. Engineering work shop , production technology lab. Instrumentation and measurements lab. Many of its alumni occupy key positions in industries and institutions in India and abroad. The department is proud to be collaborated with well-known industries in niche areas.

About the Program

The program is intended as a platform for sharing knowledge and expertise in Nano science and Nanotechnology with researchers and professionals from neighbouring countries so that they will be able to initiate R&D work. oratories - will be arranged for participants. These various interactions can catalyse collaborations with Indian labs as well as among the participants. To conduct workshops for dissemination of knowledge in the field of Nano electronics To impart hands-on training in Nano electronics to researchers from different countries. To assist researchers from these countries with initiation of their research projects in Nano electronics by enabling their execution To provide a platform for researchers in Nano electronics to come together and benefit from complementary expertise.

PROGRAM REPORT

Name of the Event: A Two-Week Add-on Program On “NANO FABRICATION”

Date&Duration: 21-12-2020 to 06-01-2021, 10:00 AM to 5:00 PM.

Objectives Event:

- To conduct workshops for dissemination of knowledge in the field of Nano electronics
- To impart ands-on training in Nano electronic store searchers from different countries.
- To assist researchers from these countries with initiation of their research projects in Nano electronics by enabling their execution
- To provide a platform for researchers in Nano electronics to come together and benefit from complementary expertise

Outcomes of the event:

After attending the certificate program students will be able to

- Understand the basics, various types, Processes and Applications involved in the 3D Printing/Additive Manufacturing.
- Nano materials importance and availability of nano materials.
- About structure of nano materials.
- Familiarity with working principles, tools and techniques in the field of nano materials.
- Understanding of strengths, limitations and potential uses of nano materials.

Number of students attend:102

RESOURCE PERSON PROFILE

Name of the resource person: Mr. V Ravi Kumar

Dr. V Ravi Kumar is the Head of Mechanical Engineering Department in Rajamahendri Institute of Engineering and Technology, Rajamahendravaram. He is a well known Associate Professor in Mechanical Engineering, Having more than 14 years of experience in teaching and industry. His is university topper in B.Tech and Completed his M.Tech at Jntuk, University, Kakinada. He is Visionary Senior Educational Manager, Administrator, researcher and academician. He brought some structural reforms so that the Mechanical Department and Institute gets recognized as a corporate social responsible one. Good placement record is created for Mechanical Department. Entrepreneurship was highly encouraged.

RAJAMAHENDRI
**INSTITUTE OF ENGINEERING &
TECHNOLOGY**

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in

adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc.

Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud

computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

Robotics is a multidisciplinary field at the intersection of engineering, computer science, and artificial intelligence. It involves the design, construction, and operation of robots. Key aspects include robot design, programming, sensors, perception, autonomy, and artificial intelligence. Robotics finds applications in various industries, from manufacturing to healthcare and space exploration. Challenges include safety, ethics, technological advancements, education, and interdisciplinary collaboration.

PROGRAM SCHEDULE

Program Schedule for "A Two-Week Program on Certified Robotics Technician Program for Automation Careers"

Duration	Program
Day1: 18-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Introduction to Robotics: <ul style="list-style-type: none">▪ Overview of the course and its objectives▪ History and evolution of robotics▪ Types and applications of robots
Day2: 19-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Basics of Electronics and Mechanics: <ul style="list-style-type: none">▪ Understanding electronic components▪ Mechanical components in robotics▪ Introduction to sensors and actuators
Day3: 20-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Robot Design and Construction: <ul style="list-style-type: none">▪ Basic principles of robot design▪ Hands-on assembly of a simple robot▪ Overview of software and programming options
Day4: 21-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Robot Programming Basics: <ul style="list-style-type: none">▪ Introduction to programming languages for robotics▪ Writing and running simple programs▪ Troubleshooting and debugging
Day5: 22-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Sensing and Perception: <ul style="list-style-type: none">▪ Types of sensors used in robotics▪ Calibration and data collection▪ Integrating sensors with robots
Day6: 23-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Robot Motion Control: <ul style="list-style-type: none">▪ Basics of kinematics and dynamics▪ Introduction to motion planning▪ Implementing movement in robots
Day7: 25-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Computer Vision: <ul style="list-style-type: none">▪ Understanding computer vision in robotics▪ Image processing techniques
Day8: 27-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Advanced Programming: <ul style="list-style-type: none">▪ Learning more complex programming concepts▪ Implementing autonomous behavior▪ Practical coding exercises
Day9: 28-01-2021 09:30AM-12:50PM 01:30PM-03:50PM	Communication and Networking: <ul style="list-style-type: none">▪ Introduction to robot communication protocols▪ Setting up communication systems▪ Remote control and data sharing

PROGRAM REPORT

Name and Title of the Program: "A Two-Week Program on Certified Robotics Technician Program for Automation Careers"

Course of Duration: 18-01-2021 to 30-01-2021

Objectives of the Program:

1. Develop technical proficiency in designing, building, and programming robots.
2. Foster problem-solving skills using robotics technology.
3. Promote safety awareness in robot operations.
4. Teach programming competence for intelligent robot design.
5. Provide hands-on experience with robotics hardware.
6. Explain sensors and actuators integration.
7. Introduce computer vision and its applications.
8. Enhance communication and teamwork in robotics.
9. Address ethical, legal, and regulatory aspects.
10. Prepare for adaptability to evolving technology.
11. Grant a recognized certification for career enhancement.
12. Encourage project-based learning for practical application.
13. Cultivate innovation and creativity in robotics solutions.
14. Develop critical thinking and problem-solving.
15. Facilitate networking and community building within the field.

Out Comes of the Program:

1. Design robots to meet specific requirements.
2. Program robots for control and autonomous behavior.
3. Possess hands-on technical skills for assembling and operating robots.
4. Solve real-world problems using robotics technology.
5. Understand sensors and actuators and integrate them effectively.
6. Utilize computer vision techniques in robotics applications.
7. Prioritize safety in robotics operations.
8. Communicate and collaborate effectively within robotics teams.
9. Be aware of ethical, legal, and regulatory considerations.
10. Adapt to evolving technologies and continue learning.

No. of Participants: 72

RESOURCE PERSON PROFILE

Name of the Resource Person: Dr. RAMBABU REDDY RAMPATRUNI

Dr. R Rambabu Reddy, is working as Professor and Head of the Department, Dept. of CSE, Rajamahendri Institute of Engineering & Technology, Rajamahendravaram. He completed Ph.D. from JNTUK Kakinada in 2018. He has over eighteen years of academic experience in various institutions.

His Ph.D. work was on "Data mining and Bioinformatics" which was carried at JNTUK, Kakinada, A.P, India. Before his Ph.D., he had earned Bachelor of Engineering in Computer Science and Engineering from QIS College of Engineering & Technology, Ongole (Affiliated to JNTU Hyderabad), in 2003, and M.Tech. in Information Technology from Andhra University, Visakhapatnam, Andhra Pradesh in 2006.

Dr. Rambabu Reddy has interests include Bioinformatics, Data Science, Algorithms, Artificial Intelligence, Data Mining, Computer Networks, Software Engineering, Mobile Computing Technologies, and Cloud Computing. He has published many papers in national and international journals and conferences.

He has been taken this administration role since December 2009. He actively participated in Academic and Administrative works at Department and Institutional levels. Guided various projects for both B. Tech and M. Tech students conducted seminars and workshops. Visited various colleges for final year projects adjudication.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in

adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc.

Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing,

block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

This program provides a comprehensive education in integrating Python and MongoDB to streamline data management. With an emphasis on real-time data handling, the course covers key aspects of Python programming, MongoDB database management, data modeling, and practical skills for data integration and analysis. Participants will learn how to work effectively with real-time data streams, perform data analysis and visualization, and optimize data management processes.

PROGRAM SCHEDULE

Program Schedule for "A Two-Week Program - Python and MongoDB Integration: Streamlining Data Management"

Duration	Program
Day1: 15-02-2021 09:30AM-12:50PM 01:30PM-03:50PM	Introduction to Python and MongoDB: <ul style="list-style-type: none">• Overview of the course and objectives• Introduction to Python and MongoDB• Installation of Python and MongoDB
Day2: 16-02-2021 09:30AM-12:50PM 01:30PM-03:50PM	Basic Python Programming: <ul style="list-style-type: none">• Python syntax, variables, and data types• Control structures (if, loops)• Functions and modules
Day3: 17-02-2021 09:30AM-12:50PM 01:30PM-03:50PM	MongoDB Fundamentals: <ul style="list-style-type: none">• What is MongoDB?• Installation and setup• Creating databases and collections
Day4: 18-02-2021 09:30AM-12:50PM 01:30PM-03:50PM	Data Modeling in MongoDB: <ul style="list-style-type: none">• Designing document structures• Inserting and querying data• Indexing for performance
Day5: 19-02-2021 09:30AM-12:50PM 01:30PM-03:50PM	Python and MongoDB Connectivity: <ul style="list-style-type: none">• Python libraries for MongoDB (e.g., pymongo)• Establishing connections• CRUD operations in Python
Day6: 20-02-2021 09:30AM-12:50PM 01:30PM-03:50PM	Advanced Querying and Aggregation: <ul style="list-style-type: none">• Filtering and sorting data• Using aggregation pipelines• Practical exercises
Day7: 22-02-2021 09:30AM-12:50PM 01:30PM-03:50PM	Data Import and Export: <ul style="list-style-type: none">• Importing and exporting data with Python• Data transformation and cleaning• Handling large datasets
Day8: 23-02-2021 09:30AM-12:50PM 01:30PM-03:50PM	Python Data Streaming: <ul style="list-style-type: none">• Introduction to data streaming concepts• Working with libraries like Kafka-Python• Building data streaming pipelines
Day9: 24-02-2021 09:30AM-12:50PM	Real-time Data Integration: <ul style="list-style-type: none">• Connecting Python and MongoDB to data streams

PROGRAM REPORT

Name and Title of the Program: **“A Two-Week Program - Python and MongoDB Integration: Streamlining Data Management”**

Course of Duration: 15-02-2021 to 27-02-2021

Objective of the Program:

The course objectives encompass proficiency in Python, understanding MongoDB, data modeling, connectivity, advanced querying, data import/export, real-time data integration, data streaming, data analysis, error handling, optimization, scalability considerations, real-world project experience, and certification. These objectives are designed to empower participants with the knowledge and skills necessary to integrate Python and MongoDB for effective streaming data management.

Out Comes of the Program:

1. **Proficiency in Python Programming:** Participants can demonstrate competence in Python, including knowledge of syntax, data structures, and control flow.
2. **Mastery of MongoDB:** Graduates are proficient in MongoDB database management, including data modeling, CRUD operations, and query optimization.
3. **Effective Data Modeling:** Participants can design efficient document structures for MongoDB databases, ensuring effective data storage and retrieval.
4. **Data Connectivity Skills:** Graduates can establish connections between Python and MongoDB, successfully perform data operations, and troubleshoot connectivity issues.
5. **Advanced Querying and Aggregation:** Participants can perform complex queries and aggregation tasks in MongoDB, extracting meaningful insights from data.
6. **Data Import and Export Competence:** Graduates can efficiently import and export data between Python and MongoDB, including data transformation and cleaning.
7. **Real-Time Data Integration Proficiency:** Participants can implement real-time data integration using Python and MongoDB, connecting to data streams and integrating them effectively.

eMail: office@rietrjy.co.in Website: www.rietrjy.co.in Ph: +91 91212 14413

8. **Data Streaming Capability:** Graduates can build data streaming pipelines, connecting to real-time data sources and seamlessly integrating this data into MongoDB databases.
9. **Data Analysis and Visualization Skills:** Participants can analyze and visualize data using Python libraries like pandas, Matplotlib, and Seaborn to extract insights and trends.
10. **Effective Error Handling:** Graduates have the ability to troubleshoot errors and issues in Python and MongoDB applications, ensuring smooth operations.
11. **Optimization Strategies:** Participants can optimize data management and streaming processes for efficiency and performance improvements.
12. **Scalability Considerations:** Graduates understand the principles of scalability and can make informed decisions regarding data handling and storage as datasets grow.
13. **Real-World Project Experience:** Participants have practical experience working on real-time data projects, demonstrating their ability to apply acquired skills.
14. **Certification:** Successful participants receive a recognized certification, validating their proficiency in Python and MongoDB integration for streaming data management.

No. of Participants: 76

RESOURCE PERSON PROFILE

Name of the Certificate Program: "A Two-Week Program - Python and MongoDB Integration: Streamlining Data Management"

Name of the Resource Person: Mr. P.S.S.K. Sarma

He is completed M.Tech in Computer Science and Engineering at JNTUK, 14 Years of excellent teaching skills in relevant subjects. His area of specialization is Java and Good skills in Programming Languages. He has through sustained excellence and leadership, significantly contribute to the academic and research endeavors of the department and the broader academic community.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the

management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

- ❖ To study the principles of operation of various blocks of Radar systems and Radar Range equation in detail
- ❖ To study the functions of various blocks of CW Radar, FM-CW Radar, MTI and Pulse Doppler Radars, Tracking radar and their limitations and applications.
- ❖ To study the functions of various blocks of Radar receivers and detection of Radar signals in noise in detail.

Topics to be covered

- Nature of Radar
- CW and Frequency Modulated Radar
- MTI and Pulse Doppler Radar
- Tracking Radar
- Detection of Radar Signals in Noise

PROGRAM SCHEDULE

Program Schedule for A Two-Week Certificate Program on “Radar Systems”.

Duration	Program
Day1: 01-03-2021 09:30AM-12:50M 01:30PM-03:50PM	➤ Introduction To Radar Systems
Day2: 02-03-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Radar Equation
Day3: 03-03-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Propagation Effects
Day4: 04-03-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Target Radar Cross Section
Day5: 05-03-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Detection Of Signals In Noise And Pulse Compression
Day6: 06-03-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Radar Antennas
Day7: 08-03-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Radar clutter And Chaff
Day8: 09-03-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Signal Processing ➤ MTI And Pulse Doppler Techniques
Day9: 10-03-2021 09:30AM-12:50PM 01:30PM-03:50PM	➤ Transmitters ➤ Receivers

PROGRAM REPORT

Name and Title of the Program: A Two-Week Certificate Program on “Radar Systems”.

Duration & Time : 01-03-2021 to 13-03-2021 & 10.00 AM to 5.00 PM

Resource Person: Mr. T. Gangadhar, Assistant Professor, Dept of ECE, RIET.

Name of The Coordinator: Mr. G. Krishna, Assistant Professor , Dept of ECE, RIET.

Objectives of the Program:

1. To study the principles of operation of various blocks of Radar systems and Radar Range equation in detail
2. To study the functions of various blocks of CW Radar, FM-CW Radar, MTI and Pulse Doppler Radars, Tracking radar and their limitations and applications.
3. To study the functions of various blocks of Radar receivers and detection of Radar signals in noise in detail.
4. To study the principles and working of phased array antennas and their application to radar systems .

OutComes of the Program:

Student will be able to

1. Analyze the statistical parameters of Noise and Radar cross section of targets
2. Distinguish the fixed and moving targets using different types of radar systems
3. Explain various techniques employed in radar receivers for detection of signals in noise.
4. Observe the variation in parameters of radar system by the estimation of noise figure & noise temperature
5. Identify the different types of display.

No. of Participants: 30

RESOURCE PERSON PROFILE

Name of the Certificate Program: A Two-Week Certificate Program on “Radar systems”.

Name of the Resource Person: T.Gangadhar

He completed M.Tech in ECE at JNTUK, 7 years of excellent teaching skills in relevant subjects. His area of specialization on Radar System and Best Knowledge in Radar System. Senior Faculty as an Assistant Professor in the Electronics and Communication Engineering Department is a distinguished position that encompasses advanced teaching, significant research contributions, and leadership within the academic community.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electrical Engineering is one of the oldest departments of Engineering. Established as one of the major departments of the Institute, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers undergraduate (B.Tech). The department can boast about 10 well equipped labs, latest simulation and design software, excellent staff- student ratio who are continuous engaged in teaching-learning process.

One batch have successfully completed their degree and are placed as well. The dept keen on developing consultancy services and welcomes funding research from outside agencies. We look at the potential contribution that our staff and students can make towards this aspect and strengthen the department further.

About the Program

On completion of this course, a student will be familiar with client-server architecture and able to develop a web application using java technologies. Students will gain the skills and project-based experience needed for entry into web application and development careers. Students are able to develop a dynamic web page by the use of java script and DHTML.

Topics to be Covered

- Concepts of Web design
- Web design issues
- Planning to publishing Website
- Basics of HTML
- Need for CSS
- Background images
- Manipulating Texts
- Padding Lists
