RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program:

- ❖ To discuss the provisions relating to Right of Farmers at plant breeders in IPR laws.
- ❖ To discuss the importance of Intellectual Property and sustainable development
- ❖ To discuss the challenges in implementing the TRIPS Agreement.
- ❖ To find out Intellectual Property challenge in the field of pharmaceuticals and solutions for the same.

Topics to be Covered

- ❖ Labour laws
- ❖ Taxation
- ❖ Law of contract
- ❖ Health law
- ❖ Food law

PROGRAMME REPORT

PROGRAMMENAME	A one day seminar on A COMPREHENSIVE LECTURE ON INTELLECTUAL PROPERTY RIGHTS
RESOURCEPERSON	D. Vedavathi Saraja ,Assistant Professor, MARIS STELLA COLLEGE,VIJAYAWADA Ph:9440158334
DATEOFACTIVITY	01-08-2019
ORGANIZED BY	RAJAMAHENDRI INSTITUTE OF ENGINEERING TECHNOLOGY
VENUE	RAJAMAHENDRI INSTITUTE OF ENGINEERING TECHNOLOGY, Seminar hall.
Programme Coordinator	T. Gangdhar

OBJECTIVE OF THE PROGRAMME:

- To discuss the provisions relating to Right of Farmers at plant breeders in IPR laws.
- To discuss the importance of Intellectual Property and sustainable development
- To discuss the challenges in implementing the TRIPS Agreement.
- To find out Intellectual Property challenge in the field of pharmaceuticals and solutions for the same.

TOPICS COVERED:

- Labour laws
- Taxation
- Law of contract
- Health law
- Food law

OUTCOME OF THE PROGRAMME:

The students and faculty learned about Intellectual property rights.
They gain the knowledge on

- Current emerging trends in Intellectual Property regime.
- Intellectual property challenges in the field of pharmaceuticals
- Protection of Geographical Indication and Traditional Knowledge

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IoT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

Research methodology is a way of explaining how a researcher intends to carry out their research. It's a logical, systematic plan to resolve a research problem. A methodology details a researcher's approach to the research to ensure reliable, valid results that address their aims and objectives. It encompasses what data they're going to collect

and where from, as well as how it's being collected and analyzed..A research methodology gives research legitimacy and provides scientifically sound findings. It also provides a detailed plan that helps to keep researchers on track, making the process smooth, effective and manageable. A researcher's methodology allows the reader to understand the approach and methods used to reach conclusions.

Topics to be Covered

- Easy Research Paper Topics
 - ✓ Interesting Research Topics
 - ✓ Controversial Topics for Research Paper
- Argumentative Research Topics
- Research Topics by Field of Study
 - ✓ Natural Sciences (Physics, Chemistry, Ecology, Biology)
 - ✓ Criminal Law and Justice
 - ✓ History (World, US, Anthropology)
 - ✓ Medical Research Topics (Dentistry, Nursing, Psychology)
 - ✓ Business (marketing, economics, and finance)
 - ✓ Science Math, Statistics)
 - ✓ Social Sciences (Social Work, Political Science, Sociology)
- Other Great Research Paper Topics:
 - ✓ Technology
 - ✓ Religion
 - ✓ Social Media

A One Day Seminar On

“Entrepreneurship Cell Activity”

Schedule:

13-08-2019

VENUE: RIET Seminar Hall.

Organized
by

Department of
Electronics and Communication Engineering,

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

- ❖ The Entrepreneurship Cell is dedicated to promoting the spirit of entrepreneurship among students.
- ❖ To inspire students to learn idea generation and generate original ideas.
- ❖ To encourage innovative and creative thinking.
- ❖ Motivate students who are beginning to consider entrepreneurship as a career choice to develop their ideas further.

Topics to be Covered

- Application and demonstrate the concepts of creativity and innovation to unleash the potential of the mind as to conceive new ideas
- Analysis and formulate to identify opportunities that may come disguised as problems which may be worth solving
- Examine and plan for applying convergent and divergent thinking which focuses on coming with well-established solutions to the problems

Resource Person

Dr. Jyoti Chandwani

Date:20-08-2019

PROGRAMME REPORT

Programme name	A one day seminar on Entrepreneurship Cell Activity
Resource person	Dr. Jyoti Chandwani
Date of activity	13-08-2019
Organized by	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
Venue	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY, Seminar Hall
Programme coordinator	CH. GOPI

Objective of the program:

- The Entrepreneurship Cell is dedicated to promoting the spirit of entrepreneurship among students.
- To inspire students to learn idea generation and generate original ideas.
- To encourage innovative and creative thinking.
- Motivate students who are beginning to consider entrepreneurship as a career choice to develop their ideas further.

Topics covered :

- Application and demonstrate the concepts of creativity and innovation to unleash the potential of the mind as to conceive new ideas
- Analysis and formulate to identify opportunities that may come disguised as problems which may be worth solving
- Examine and plan for applying convergent and divergent thinking which focuses on coming with well-established solutions to the problems

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electrical Engineering is one of the oldest departments of Engineering. Established as one of the major departments of the Institute, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers undergraduate (B.Tech). The department can boast about 10 well equipped labs, latest simulation and design software, excellent staff-student ratio who are continuous engaged in teaching-learning process. One batch have successfully completed their degree and are placed as well. The dept keen on developing consultancy services and welcomes funding research from outside agencies. We look at the potential contribution that our staff and students can make towards this aspect and strengthen the department further..

About the Program

Intellectual property rights (IPR) have been defined as ideas, inventions, and creative expressions based on which there is a public willingness to bestow the status of property. IPR provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. There are several types of intellectual property protection like patent, copyright, trademark, etc. Patent is a recognition for an invention, which satisfies the criteria of global novelty, non-obviousness, and industrial application. IPR is prerequisite for better identification, planning, commercialization, rendering, and thereby protection of invention or creativity. Each industry should evolve its own IPR policies, management style, strategies, and so on depending on its area of specialty. Pharmaceutical industry currently has an evolving IPR strategy requiring a better focus and approach in the coming era.

Topics to be Covered

- ❖ IPR policies
- ❖ Scope of the policy
- ❖ Ownership of IP
- ❖ IP infringement
- ❖ Powers to amend IPR policy

PROGRAMME REPORT

Programme name	A one day seminar on INTELLECTUAL PROPERTY RIGHTS
Resource person	Mrs. Sita kumari Ph. no: 9490887562
Date of activity	11-11-2019
Organized by	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
Venue	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY, Seminar hall
Programme coordinator	Mrs.CH.RAJYA LAKSHMI

Objective of the programme:

Intellectual property rights (IPR) have been defined as ideas, inventions, and creative expressions based on which there is a public willingness to bestow the status of property. IPR provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. There are several types of intellectual property protection like patent, copyright, trademark, etc. Patent is a recognition for an invention, which satisfies the criteria of global novelty, non-obviousness, and industrial application.. Each industry should evolve its own IPR policies, management style, strategies, and so on depending on its area of specialty. Pharmaceutical industry currently has an evolving IPR strategy requiring a better focus and approach in the coming era.

Topics covered :

- IPR policies
- Scope of the policy
- Ownership of IP
- IP infringement
- Powers to amend IPR policy

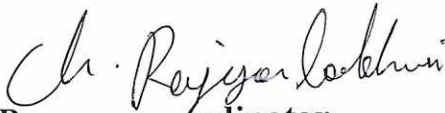

Outcome of the programme:

The students and faculty learned about Intellectual property rights.
They gain the knowledge on

- To have strong and effective IPR laws, which balance the interests of rights owners with larger public interest
- To modernize and strengthen service oriented IPR administration.
- To strengthen and expand human resources, institutions and capacities for teaching, training, research and skill building in IPR.

On 11-11-2019 from our college students and faculties have participated in the Intellectual property rights programme.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IoT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

- To provide a platform for academicians, NGOs and policymakers to discuss problems being faced by the women entrepreneurs in contemporary India.
- To offer a platform for discussion and exchange of ideas on effective policies that would help to empower and support women entrepreneurship
- To analyze the various programs related to the development of women entrepreneurship and skill development.
- To exchange experiences in promoting the empowerment of women through entrepreneurship

Topics to be Covered

- ❖ Entrepreneurial Initiatives and Entrepreneurial Education
- ❖ Financial Literacy, Entrepreneurial Finance and Micro-financing to crowd funding
- ❖ Creating a Safe Work Environment and Entrepreneurial Legal Support
- ❖ Social Entrepreneurship, Start Up Accelerators & Incubators
- ❖ Challenges, Opportunities of Skill Development programme in India

Resource Person

Dr .Partha Pratim Sahu

Date: 22-12-2019

PROGRAMME REPORT

Programme name	A one day seminar on WOMEN ENTREPRENEURSHIP AND SKILL DEVELOPMENT: ISSUES, CHALLENGES AND OPPORTUNITIES
Resource person	Dr .Partha Pratim Sahu
Date of activity	17-12-2019
Organized by	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
Venue	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY, Seminar Hall
Programme coordinator	D.N.V. RAMANA KUMAR

Objective of the program:

- To provide a platform for academicians, NGOs and policymakers to discuss problems being faced by the women entrepreneurs in contemporary India.
- To offer a platform for discussion and exchange of ideas on effective policies that would help to empower and support women entrepreneurship
- To analyze the various programs related to the development of women entrepreneurship and skill development.
- To exchange experiences in promoting the empowerment of women through entrepreneurship

Topics covered :

- Entrepreneurial Initiatives and Entrepreneurial Education
- Financial Literacy, Entrepreneurial Finance and Micro-financing to crowd funding
- Creating a Safe Work Environment and Entrepreneurial Legal Support
- Social Entrepreneurship, Start Up Accelerators & Incubators
- Challenges, Opportunities of Skill Development programme in India

Outcome of the program:

- Managerial Capabilities, Entrepreneurship and skill development
- Self Employment and Innovative strategies for skill development
- Rural women Entrepreneurship and Skill Development
- Public-Private Initiatives in Skill Development of women

On 17-12-2019 from our college students and faculties have participated in the Workshop on Women Entrepreneurship and Skill Development: Issues, Challenges and Opportunities.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

The programme intends to cover philosophical and conceptual aspects of social science research, methodologies, techniques and skills required to undertake research and necessary steps, cares and know-how regarding converting research into writings and publications. This course aims to make its participants

familiar with the basic philosophical tenets of social sciences, the trajectories of shifts in methodologies in the last hundred years, some key interventions in the Indian and global landscape of knowledge production in the field of social sciences and how to convert research into academic. We aim to bring together both the theoretical as well as pragmatic aspects of doing research in social sciences. The core objective of the Capacity Building Programme is to promote and emphasize the advanced level of understanding of scientific tools and techniques among the faculty members and researchers for conducting high-quality research.

Topics to be Covered

- ❖ Techniques of gathering information from the field
- ❖ Skills related to interpretation and analysis of gathered information/data
- ❖ Research tools and techniques for analyzing qualitative and quantitative data
- ❖ Contemporary trends and techniques in doing social science research
- ❖ Writing, presenting, and publishing research work

OUTCOME OF THE PROGRAMME:

The students an learned about CAPACITY BUILDING ON RESEACH METHODOLOGY”

They given knowledge on:

- Meaning and basic foundation of Social Science Research Philosophical and Conceptual
- Dimensions of Social Science Research Basic Tenets of Research;
- Key Conceptual Shifts in Social Science Research in Recent Decades
- Framing Research Problems/ Questions/ Objectives
- Review of Literature
- How to Develop a Research Proposal
- Research Funding in Social Sciences: Opportunities and Challenges

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IoT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

Elements Of Research Design is a blueprint of a scientific study. It includes research methodologies, tools, and techniques to conduct the research. It helps to identify and address the problem that may rise during the process of research and analysis. Experts define research design as the glue that holds the research project together. It helps provide a structure and direction to the research, yielding favorable results.

Topics to be Covered

Elements Of Research Design And Interpretation Of Data Clearly Explains Selection Of Area in Researchwise.

- ❖ Identifies the problems
- ❖ Reviews literature around the problem statement
- ❖ Specifies hypothesis
- ❖ Describes sources of data
- ❖ Defines how data will be interpreted

Resource Person

Dr. V. Lakshmi Chethana,

Vijayawada.

Mobile No: +91 9948250007

Date: 08-01-2020

PROGRAMME REPORT

PROGRAMME NAME	A one day Seminar On "Elements Of Research Design and How to Interpret The Data"
RESOURCE PERSON	Dr. V.LAKSHMI CHETHANA, Vijayawada. Ph:9948250007
DATE OF ACTIVITY	06-01-2020
ORGANIZED BY	RAJAMAHENDRI INSTITUTE OF ENGINEERING TECHNOLOGY
VENUE	RIET SEMINAR HALL
Programm Coordinator	P.Sathish Kumar

OBJECTIVE OF THE PROGRAMME:

Elements Of Research Design is a blueprint of a scientific study. It includes research methodologies, tools, and techniques to conduct the research. It helps to identify and address the problem that may rise during the process of research and analysis. Experts define research design as the glue that holds the research project together. It helps provide a structure and direction to the research, yielding favorable results.

TOPICS COVERED:

1. Identifies the problems
2. Reviews literature around the problem statement
3. Specifies hypothesis
4. Describes sources of data
5. Defines how data will be interpreted

OUTCOMES OF THE PROGRAMME:

- The students and faculty learned about Elements Of Research Design and Interpretation Of Data.
They given knowledge on:
- Research on continuous process to identify the problem and find its solution.
- Research is necessary to give proper direction to the study of Research Methodology
- This will helps to students to understand various principles, methods and tools for research.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,

AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Mechanical Engineering . At present, the department offers Graduate degree . Mechanical Engineering Department is highly reputed for producing eminent engineers Mechanical Engineering Department is highly reputed for producing eminent engineers as professionals, researchers and entrepreneurs. Department has strong industry The Department has well-equipped laboratories such as pneumatics and hydraulic, Refrigeration and Air Conditioning, hydraulics Machinery, Theory of machines, thermal engg Lab, heat transfer lab, metrology, mettargy machine tool lab. Engineering work shop , production technology lab. Instrumentation and measurements lab. Many of its alumni occupy key positions in industries and institutions in India and abroad. The department is proud to be collaborated with well-known industries in niche areas.

About the Program

Rural Entrepreneurship

- Role of Rural Entrepreneurship Development
- How a rough idea can also be implemented by clear practical view.
- small businesses can be built which will ultimately help in development of rural areas as well as in development of nation.

Topics to be Covered

- ❖ various business ideas through PPT
- ❖ explained how small businesses can be built which will ultimately help in development of rural areas as well as in development of nation
- ❖ One video was shown which explained students that being an entrepreneur .

Resource Person

Mr. Deepak Woyal

Date: 19-02-2020

PROGRAMME REPORT

Programme name	A one day seminar on RURALENTREPRENEURSHIP
Resource person	Mr. Deepak Wayal
Date of activity	12-02-2020
Organized by	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
Venue	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY, Seminar Hall
Programme coordinator	BHEMADOLU VIJAYA

Objective of the program:

- Role of Rural Entrepreneurship Development
- How a rough idea can also be implemented by clear practical view.
- small businesses can be built which will ultimately help in development of rural areas as well as in development of nation.

Topics covered :

- various business ideas through PPT
- explained how small businesses can be built which will ultimately help in development of rural areas as well as in development of nation
- One video was shown which explained students that being an entrepreneur

Outcome of the program:

- 1.If one is passionate about the idea of business one can implement it and can bring out the real scenario.
- 2.It was quite interactive session where students explained the business idea they have in mind and how they can make it work practically

On 12-02-2020 from our college students and faculties have participated in the seminar on RURAL ENTREPRENEURSHIP.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IoT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

To discuss the legislative framework of laws relating to Intellectual Property Protection To discuss about the role of judiciary in providing safeguards for the protection of Intellectual Property Rights. To discuss the challenges in implementing the TRIPS Agreement. To find out Intellectual Property challenge in the field of pharmaceuticals and solutions for the same.

Topics to be Covered

- Current issues on IPR
- Important laws in IPR
- TRIPS Agreement
- Taxation

Resource Person

Mrs. Sri Lekha

Assistant Professor

Mobile No: +91 9948680102

Date: 13-03-2020

PROGRAMME REPORT

Programme name	A one day seminar on Current issues in Intellectual Property Rights
Resource person	Mrs. SRILEKHA, Asst. Prof. Ph.No: 9948680102
Date of activity	10-03-2020
Organized by	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
Venue	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY, Room No: G-1
Programme coordinator	Mr. D.N.V. RAMANA KUMAR

Objective of the programme:

The protection provided by IPR laws extends beyond artistic works such as movies, songs, and other forms of creative expression. Even well-established companies like Burger King, Coca-Cola, and Flipkart are considered intellectual property companies, encompassing a wide range of IP rights including patent, design, trademark and copyright etc. In essence, intellectual property rights can be likened to "plate tectonics" due to their significant influence. The scope of IPR is not limited to specific fields like electronics, pharmaceuticals, biology, or genetics; it extends to software, business, finance, innovation, and even new patentable algorithms. These laws prevent organizations or individuals from misusing and copying ideas through patent, design, copyright and trademark etc.

Topics covered :

- Patent rights
- Trade mark
- Copy right law
- Taxation

Outcome of the programme:

The students and faculty learned about Intellectual property rights.

They gain the knowledge on

- To have strong and effective IPR laws, which balance the interests of rights owners with larger public interest.
- To modernize and strengthen service oriented IPR administration.

On 10-03-2020 from our college students and faculties have participated in the Current issues in Intellectual property rights programme.
