VENUE: RIET SEMINAR HALL

Organized
by
Department of
Electrical & Electronics Engineering
RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 10 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eighth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electrical Engineering is one of the oldest departments of Engineering. Established as one of the major departments of the Institute, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers undergraduate (B.Tech). The department can boast about 10 well equipped labs, latest simulation and design software, excellent staff-student ratio who are continuously engaged in teaching-learning process. One batch have successfully completed their degree and are placed as well. The dept keen on developing consultancy services and welcomes funding research from outside agencies. We look at the potential contribution that our staff and students can make towards this aspect and strengthen the department further.

About the Program

Entrepreneurship and Industry Entrepreneurship is the attempt to create value through recognition of business opportunity, the management of risk taking, and through the communicative and management skills to mobilize human, financial, and material resources necessary to bring a project to fruition. To inculcate the entrepreneurial culture among the students and to expose student community to the entrepreneurial opportunities. To promote industry-academia interactions.

Topics to be Covered

- ❖ The Beginning Of A Business Idea
- ❖ Innovation
- ❖ Entrepreneurial Finance
- ❖ Effect Of Entrepreneurial Skills on Product Portfolio
- ❖ Digital Transformations In Entrepreneurship
- ❖ Entrepreneur Should Get Tax Breaks

PROGRAMME REPORT

PROGRAMME NAME	Entrepreneur Is A Career Choice For Youth
RESOURCE PERSON	Mr. T. Venkateswararao, GUEST FACULTY ,Sri Chaitanya College, VIZAG. Ph:9491963191
DATE OF ACTIVITY	07-09-2018
ORGANIZED BY	RAJAMAHENDRI INSTITUTE OF ENGINEERING TECHNOLOGY
VENUE	RIET SEMINAR HALL
Programme Coordinator	Ch. Suresh Kumar

OBJECTIVE OF THE PROGRAMME:

Entrepreneurship and Industry Entrepreneurship is the attempt to create value through recognition of business opportunity, the management of risk taking, and through the communicative and management skills to mobilize human, financial, and material resources necessary to bring a project to fruition. To inculcate the entrepreneurial culture among the students and to expose student community to the entrepreneurial opportunities. To promote industry academia interactions.

TOPICS COVERED:

- ✓ The Beginning Of A Business Idea
- ✓ Innovation
- ✓ Entrepreneurial Finance
- ✓ Effect Of Entrepreneurial Skills on Product Portfolio
- ✓ Digital Transformations In Entrepreneurship

OUTCOMES OF THE PROGRAMME:

- The students and faculty learned about Legal Education & Research methodology.
- Research on continuous process to identify the problem and find its solution.
- Legal Research is necessary to give proper direction to the study of law.
This will helps to students to understand various principles, methods and tools for research.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 10 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eighth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

This Session was started with the topic Writing Effective Research Papers for SCI Journals. During the session Prof. Dr.R.Rambabu Reddy explained about research methodology, selection of a journal , structure of a journal, language

issues, presentation of results and discussion, tools for quality improvement. During the session he explained the method of writing with examples of sample exercises. He also briefed about how to avoid plagiarism during the paper writing process.

Topics to be Covered

- ❖ The Writing Overview
- ❖ Abstract
- ❖ Introduction
- ❖ The Main Body
- ❖ Conclusion

OUT COME OF THE PROGRAMME: The students learned about “Research On Technical Paper Writing”.

1. They given knowledge on: Correctness. Write correct English, but know that you have more latitude than your high-school English teachers may have given you.
2. Consistent names. Refer to each significant character (algorithm, concept, language) using the same word everywhere. Give a significant new character a proper name.
3. Singular. To distinguish one-to-one relationships from n-to-m relationships, refer to each item in the singular, not the plural.
4. Subjects and verbs. Put your important characters in subjects, and join each subject to a verb that expresses a significant action.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 10 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eighth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education..

About the Program

Basic science, sometimes known as "pure" or "basic" science, aids in the understanding of biological systems and processes. Better methods to forecast, prevent, diagnose, and cure disease are made possible by this information. Researchers attempt to provide fundamental explanations for how life functions through basic science. Understanding the function of recently found molecules and cells, odd events, or

poorly understood processes is the aim of basic research. Innovation To deepen or question the present understanding of humanitarian innovation and keep up with new trends and practices in the area, research is curiosity-driven and open-ended in character. Thematic investigations are used as a tool in this context. The kind of innovation we want for long-term growth can be fostered by policies that support basic research, facilitate cross-border scientific collaboration, and facilitate simple technology transfer. While applied research is crucial for commercializing breakthroughs, basic research widens the body of information required for ground-breaking scientific advancement. Creating new ideas and tools that increase output and value while utilizing the same input and boosting productivity are the main objectives of innovation..

Topics to be Covered

- ❖ Objectives of Research
- ❖ Motivation of Research
- ❖ Significance of Research
- ❖ Scientific of Research

PROGRAMME REPORT

PROGRAMME NAME	A One Day Seminar On "BASIC RESEARCH TO INNOVATION"
RESOURCE PERSON	Dr. B.SUJATHA
DATE OF ACTIVITY	1-3-2019
ORGANIZED BY	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
VENUE	RIET LH-05
COORDINATOR	Mrs. B . Vijaya

OBJECTIVE OF THE PROGRAMME:

Basic science ,sometimes known as "pure" or "basic" science, aids in the understanding of biological systems and processes. Better methods to forecast, prevent, diagnose, and cure disease are made possible by this information. Researchers attempt to provide fundamental explanations for how life functions through basic science. Understanding the function of recently found molecules and cells, odd events, or poorly understood processes is the aim of basic research.

Innovation To deepen or question the present understanding of humanitarian innovation and keep up with new trends and practices in the area, research is curiosity-driven and open-ended in character. Thematic investigations are used as a tool in this context. The kind of innovation we want for long-term growth can be fostered by policies that support basic research, facilitate cross-border scientific collaboration, and facilitate simple technology transfer. While applied research is crucial for commercializing breakthroughs, basic research widens the body of information required for ground-breaking scientific advancement. Creating new ideas and tools that increase output and value while utilizing the same input and boosting productivity are the main objectives of innovation..

TOPICS TO BE COVERED

- ❖ Objectives of Research
- ❖ Motivation of Research
- ❖ Significance of Research
- ❖ Scientific of Research

OUTCOME OF THE PROGRAMME:

- The students and faculty learned about. **BASIC RESEARCH TO INNOVATION**
- They given knowledge on:
- Research on continuous process to identify the problem and find its solution.
- Legal Research is necessary to give proper direction to the study of law.
- This will helps to students to understand various principles, methods and tools for research.

The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

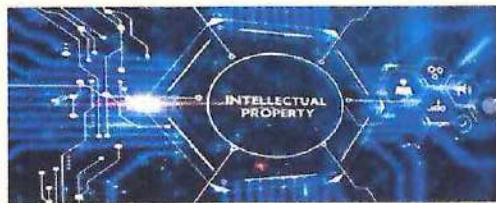

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 10 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eighth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IoT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

- To discuss the provisions relating to Right of Farmers at plant breeders in IPR laws.
- To discuss the importance of Intellectual Property and sustainable development
- To discuss the challenges in implementing the TRIPS Agreement.
- To find out Intellectual Property challenge in the field of pharmaceuticals and solution for the same

Topics to be Covered

- ❖ Intellectual Property Rights
- ❖ Taxation
- ❖ Media and law
- ❖ Copy rights law

PROGRAMME REPORT

Programme name	A one day seminar on Standards, Competition and Intellectual Property.
Resource person	Mrs.V.L.SAILAJA Asst. Prof., G.I.E.T Ph.no:7981130145
Date of activity	10-09-2018
Organized by	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
Venue	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY, Seminar hall.
Programme coordinator	Mr.D.N.V.RAMANA KUMAR

Objective of the programme:

- To discuss the provisions relating to Right of Farmers at plant breeders in IPR laws.
- To discuss the importance of Intellectual Property and sustainable development
- To discuss the challenges in implementing the TRIPS Agreement.
- To find out Intellectual Property challenge in the field of pharmaceuticals and solutions for the same.

Topics covered :

- Intellectual Property Rights
- Taxation
- Media and law
- Copy rights law

eMail: office@rietrjy.co.in Website: www.rietrjy.co.in Ph: +91 91212 14413

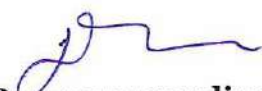

Outcome of the programme:

The students and faculty learned about Intellectual property rights.
They gain the knowledge on

- Current emerging trends in Intellectual Property regime.
- Intellectual property challenges in the field of pharmaceuticals.
- Protection of Geographical Indication and Traditional Knowledge.

On 10-09-2018 from our college students\ and faculties have participated in the Standards, Competition and Intellectual Property programme.

About the Department

The Department of Electrical Engineering is one of the oldest departments of Engineering. Established as one of the major departments of the Institute, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers undergraduate (B.Tech). The department can boast about 10 well equipped labs, latest simulation and design software, excellent staff-student ratio who are continuous engaged in teaching-learning process. One batch have successfully completed their degree and are placed as well. The dept keen on developing consultancy services and welcomes funding research from outside agencies. We look at the potential contribution that our staff and students canmake towards this aspect and strengthen the department further..

About the Program

- To develop problem solving skills of students
- To develop ideas to overcome obstacles and be proactive.
- The applied aspects of this workshop will be practical sessions where they can apply this knowledge in decision making.

Topics to be Covered

- ❖ Believe in yourself
- ❖ Organization and Planning
- ❖ Entrepreneurship in India
- ❖ Rural entrepreneurship

Mr. T.G.Venkatesh,

Proprietor

Date: 05-12-2018

PROGRAMME REPORT

Programme name	A one day seminar on EMPOWER ED ENTREPRENEURSHIP
Resource person	Mr. T.G.Venkatesh, Proprietor
Date of activity	27-11-2018
Organized by	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
Venue	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY, Seminar Hall
Programme coordinator	GARAPATI SWARNA LATHA

Objective of the program:

- To develop problem solving skills of students
- To develop ideas to overcome obstacles and be proactive.
- The applied aspects of this workshop will be practical sessions where they can apply this knowledge in decision making.

Topics covered :

- Believe in yourself
- Organization and Planning
- Entrepreneurship in India
- Rural entrepreneurship

Outcome of the program:

- The famous entrepreneurs where they tell how they started their projects and a good entrepreneur must be informed and updated.
- prospects
- issues
- concerns
- opportunities
- To be a good entrepreneur, you must believe in your business idea, which will be essential to overcome obstacles and be proactive. An entrepreneur knows that part of this organization and planning involves forming a work team and delegating
- its functions so that the entrepreneur knows what resources he needs and foresees the risks for decision making.

On 27-11-2018 from our college students and faculties have participated in the seminar on EMPOWER ED ENTREPRENEURSHIP.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 10 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eighth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electrical Engineering is one of the oldest departments of Engineering. Established as one of the major departments of the Institute, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers undergraduate (B.Tech). The department can boast about 10 well equipped labs, latest simulation and design software, excellent staff-student ratio who are continuously engaged in teaching-learning process. One batch have successfully completed their degree and are placed as well. The dept keen on developing consultancy services and welcomes funding research from outside agencies. We look at the potential contribution that our staff and students can make towards this aspect and strengthen the department further.

About the Program

- To create awareness about the importance of innovation and idea generation.
- To develop Positive attitude and overcome mentality.
- To develop problem solving skills of students
- To develop ideas to overcome obstacles and be proactive.

Topics to be Covered

- ❖ Learn from the experience of other entrepreneur
- ❖ Positive Mindset
- ❖ Believe in yourself
- ❖ Organization and Planning

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as “RIET” was established in the year 2008 in Rajahmundry by “The Swarnandhra Educational Society” pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

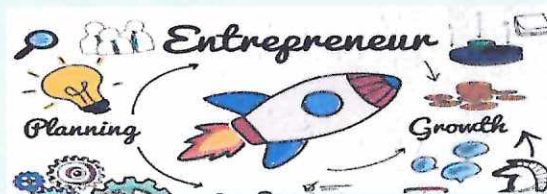

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 10 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eighth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IoT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

Entrepreneurship and Industry Entrepreneurship is the attempt to create value through recognition of business opportunity, the management of risk taking, and through the communicative and management skills to mobilize human, financial, and material resources necessary to bring a project to fruition. To inculcate the entrepreneurial culture among the students and to expose student community to the entrepreneurial opportunities. To promote industry –academia interactions.

Topics to be Covered

- ❖ The Beginning Of A Business Idea
- ❖ Innovation
- ❖ Entrepreneurial Finance
- ❖ Effect Of Entrepreneurial Skills on Product Portfolio
- ❖ Digital Transformations In Entrepreneurship

To inculcate the entrepreneurial culture among the students and to expose student community to the entrepreneurial opportunities. To promote industry –academia interactions.

TOPICS COVERED:

- The Beginning Of A Business Idea
- Innovation
- Entrepreneurial Finance
- Effect Of Entrepreneurial Skills on Product Portfolio
- Digital Transformations In Entrepreneurship
- Entrepreneur Should Get Tax Breaks

RAJAMAHENDRI INSTITUTE OF ENGINEERING & TECHNOLOGY

(Approved by AICTE, New Delhi, Affiliated to JNTUK, Kakinada, Accredited BY NAAC)

BHOOPALAPATNAM, RAJAMAHENDRAVARAM, E.G. Dist., AP, 533107.

eMail: office@rietjy.co.in

Website: www.rietjy.co.in

Ph: +91 91212 14413

OUTCOMES OF THE PROGRAMME:

- ✓ The students and faculty learned about Legal Education & Research methodology.
- ✓ Research on continuous process to identify the problem and find its solution.
- ✓ Legal Research is necessary to give proper direction to the study of law.

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 10 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eighth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department(ECE)

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education

About the Department(EEE)

The Department of Electrical Engineering is one of the oldest departments of Engineering. Established as one of the major departments of the Institute, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers undergraduate (B.Tech). The department can boast about 10 well equipped labs, latest simulation and design software, excellent staff-student ratio who are continuous engaged in teaching-learning process. One batch have successfully completed their degree and are placed as well. The dept keen on developing consultancy services and welcomes funding research from outside agencies. We look at the potential contribution that our staff and students can make towards this aspect and strengthen the department further.

About the Program

Intellectual Property is an intangible knowledge product and shall mean and include all results, conclusions, deductions, inventions, ideas, improvements, discoveries, enhancements, solutions, process, modifications and human rights, resulting from the intellectual output of the faculty, staff, students, research scholars and other employees of the College.

Topics to be Covered

- ❖ Human rights
- ❖ Scope of the policy
- ❖ Ownership of IP
- ❖ Powers to amend IPR policy
- ❖ Publication based on human rights

PROGRAMME REPORT

Programme name	INTELLECTUAL PROPERTY RIGHTS AS HUMAN RIGHTS
Resource person	Mr.B.N.P.RAJU Asst.Prof., Kondaveeti degree college Ph. no: 9441140771
Date of activity	27-02-2019
Organized by	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
Venue	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY, Seminar hall.
Programme coordinator	Mr.D.N.V.RAMANA KUMAR

Objective of the programme:

Intellectual Property is an intangible knowledge product and shall mean and include all results, conclusions, deductions, inventions, ideas, improvements, discoveries, enhancements, solutions, process, modifications and human rights, resulting from the intellectual output of the faculty, staff, students, research scholars and other employees of the College.

Topics covered :

- Human rights
- Scope of the policy
- Ownership of IP
- Powers to amend IPR policy
- Publication based on human rights

Outcome of the programme:

The students and faculty learned about Intellectual property rights.
They gain the knowledge on

- Human rights and Intellectual property rights.
- To have strong and effective IPR laws, which balance the interests of rights owners with larger public interest.
- To modernize and strengthen service oriented IPR administration.
- To strengthen and expand human resources, institutions and capacities for teaching, training, research and skill building in IPR.

On 27-2-2019 from our college students and faculties have participated in the Intellectual property rights programme.

About the Program

- The objective of this workshops for budding entrepreneurs is:
- Learn about business planning
- Capacity development in key areas related to starting up a business.
- Gain access to high quality mentors and guides.
- Gain access to other entrepreneurs in the city creating a community of sorts.
- Gain access to Venture Center facilities which can help in the early stages of starting up

Topics to be Covered

- Purpose of a business plan; Elements of a good business plan
- Importance of identifying customer pain point; Describing the solution; Getting validation - why is consumer traction important?
- Market and industry/competition analysis
- Describing strategy- production, sales, marketing and after sales service; Operational plan; Gantt charts

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 10 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its eighth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IoT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

Criteria of a Good Research

The word "research" is derived from the French word 'recherche' which means to go back and search closely. Thus, the literal meaning of research is to go back and search closely. Research is a systematic inquiry process that includes data gathering, documentation of information, analysis, and interpretation of that data and information in accordance with appropriate procedures established by particular academic and professional disciplines. It is the careful/detailed study or investigation regarding a particular subject using scientific methods. Simply, research is the process of seeking out knowledge in a systematic way. The purpose of the research is to conduct a study based on the collected and analyzed data. It shows or describes the real cause behind a particular issue or concern.

Topics to be Covered

- ❖ Theoretical Research
- ❖ Applied research
- ❖ Descriptive Research
- ❖ Qualitative Research

PROGRAMME REPORT

PROGRAMME NAME	A one day seminar on "CHARECTERESTICS AND CRITERIA OF GOOD RESEARCH"
RESOURCE PERSON	Dr. D. NAGA POORNIMA.
DATE OF ACTIVITY	05-12-2018
ORGANIZED BY	RAJAMAHENDRI INSTITUTE OF ENGINEERING AND TECHNOLOGY
VENUE	RIET SEMINAR HALL
COORDINATOR	Mrs. G. Swarna Latha

OBJECTIVE OF THE PROGRAMME:

The word "research" is derived from the French word 'recherche' which means to go back and search closely. Thus, the literal meaning of research is to go back and search closely. Research is a systematic inquiry process that includes data gathering, documentation of information, analysis, and interpretation of that data and information in accordance with appropriate procedures established by particular academic and professional disciplines. It is the careful/detailed study or investigation regarding a particular subject using scientific methods. Simply, research is the process of seeking out knowledge in a systematic way. The purpose of the research is to conduct a study based on the collected and analyzed data. It shows or describes the real cause behind a particular issue or concern.

TOPICS COVERED:

- ✓ Theoretical Research
- ✓ Applied research
- ✓ Descriptive Research
- ✓ Qualitative Research
