RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE. Mechanical Engineering branch was started with an intake of 60 in the year 2011. CSE (AI&ML), CSE (DATA SCIENCE) branches were started with an intake of 60 students each in the year 2022. RIET has completed 14 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its twelfth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Sciences and Humanities was established in the year 2008 with an intake of 264 students. The main objective of the department is to provide a conceptual base in Basic Sciences which form a foundation to the Engineering subjects and it is instrumental in grooming the students into competent Engineers and individuals through training in Soft Skills, to compete for global opportunities. In view of the rapid development of knowledge and the technological changes, the department seeks to strengthen itself by integrating it with the engineering departments for a productive knowledge base. The department has been encouraging to conduct of workshops and seminars to enable the faculty to keep abreast of the knowledge and methodologies in the respective fields of research. The department can also help engineers understand the broad social and cultural impacts of applying knowledge to address challenges and opportunities in the workplace and in their communities.

About the Program

The objective of the "Innovative Teaching and Learning Strategies for Outcome-Based Education" FDP was to equip faculty members with the knowledge and skills necessary to integrate innovative teaching methods, assessment techniques, and technology into their courses, ultimately improving student learning outcomes.

Topics to be Covered

During the six-day program, the following key topics were covered:

- Understanding Outcome-Based Education (OBE) principles
- Aligning course objectives with learning outcomes
- Active learning strategies and flipped classroom models
- Assessment methods and rubrics for OBE
- Blended learning and technology integration
- Research in education and curriculum development
- Strategies for collecting student feedback

PROGRAM REPORT

Name of the Program : A one Week Faculty Development Program on “**Innovative Teaching and Learning Strategies for Outcome-Based Education.**”

Date/Duration : 11.07.2022 to 17.07.2022(One week)

Timings : 9:30 AM to 4:00 PM

Resource Person Details:

Name : Dr. G Jose Moses

Designation : Professor

Department : CSE

Organization: Grunanak Group of Institutions

Email Id : josemoses@gmail.com

Contact Number: 9701329977

Name of the Coordinator: Mr. D.N.V Ramana Kumar, Assistant Professor, S&H Dept

Number of Participants : 50

Program Objective: The objective of the "Innovative Teaching and Learning Strategies for Outcome-Based Education" FDP was to equip faculty members with the knowledge and skills necessary to integrate innovative teaching methods, assessment techniques, and technology into their courses, ultimately improving student learning outcomes.

Topics Covered: During the six-day program, the following key topics were covered:

- Understanding Outcome-Based Education (OBE) principles
- Aligning course objectives with learning outcomes
- Active learning strategies and flipped classroom models
- Assessment methods and rubrics for OBE
- Blended learning and technology integration
- Research in education and curriculum development
- Strategies for collecting student feedback

RAJAMAHENDRI INSTITUTE OF ENGINEERING & TECHNOLOGY

(Approved by AICTE, New Delhi, Affiliated to JNTUK, Kakinada, Accredited BY NAAC)

BHOOPALAPATNAM, RAJAMAHENDRAVARAM, E.G. Dist., AP, 533107.

eMail: office@rietrijy.co.in

Website: www.rietrijy.co.in

Ph: +91 91212 14413

Outcome of the Program:

- **Enhanced Teaching Skills:** Participants gained a deeper understanding of OBE and acquired innovative teaching pedagogies that can be applied to their courses.
- **Effective Assessment Techniques:** Faculty members learned to design effective assessments and create rubrics aligned with learning outcomes.
- **Technology Integration:** The program equipped participants with the knowledge and confidence to incorporate technology and blended learning into their teaching.
- **Curriculum Development:** Participants had the opportunity to work on course curriculum development, ensuring alignment with OBE principles.
- **Improved Feedback Mechanisms:** Strategies for collecting and utilizing student feedback were discussed, enabling faculty members to make data-driven improvements to their courses.

The FDP was a comprehensive and interactive program that empowered faculty members to enhance their teaching methodologies and align their courses with Outcome-Based Education principles. Participants left with valuable insights and practical skills that will positively impact student learning outcomes in their respective departments.

Resource person **Dr. G Jose Moses** created awareness on **“Innovative Teaching and Learning Strategies for Outcome-Based Education”** for faculty members

CIRCULAR

This is to inform all the ECE Faculty members that as a part of RIET's initiative to continuous support for the faculty members "A One-Week Faculty Development Program on KEIL Embedded Development Tools for ARM" will be conducted in the college from 21-11-2022 to 26-11-2022. So, all the ECE faculty members are advised to avail the opportunity and participate in the program without fail.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,

AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE. Mechanical Engineering branch was started with an intake of 60 in the year 2011. CSE (AI&ML), CSE (DATA SCIENCE) branches were started with an intake of 60 students each in the year 2022. RIET has completed 14 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its twelfth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes.

Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

The objective of this Faculty Development Program (FDP) on Embedded System is intended to give theoretical background and hands-on experience in hardware & software development for embedded system. The FDP will be customized for the training on micro controller uses in embedded system. The FDP will provide hands-on practice on KEIL Simulator. Further, a brief overview of ARM Processor Cortex M3 will help for future enhancement of performance of the embedded systems.

Topics to be Covered

- Introduction to Overview of Embedded System : Design challenge – optimizing design metrics
- Three key embedded system technologies
- Microprocessor vs Microcontroller, Types of microcontroller, 8051 Family microcontroller
- Programming of 8051 micro-controller, Assembly & C language programming
- Programming of Microcontroller on KEIL Simulator & Circuit Simulation on Proteus Software
- Features of Cortex M3, Advantages of using ARM, Development tools

PROGRAM REPORT

Name of the Program : "A One-Week Faculty Development Program on KEIL Embedded Development Tools for ARM"
Date/Duration :21-11-2022 to 26-11-2022(One Week).
Timings :09:30AM to 04:00PM

Resource Person Details:

• **Name** : Dr. A.Ramesh
• **Designation** : Professor
• **Department** : EEE
• **Organization** : Aditya Engineering College
• **Email Id** : dr.ramesh74@acoe.edu.in
• **Contact Number** : 7339872186

Program Objectives:

The objective of this Faculty Development Program (FDP) on Embedded System is intended to give theoretical background and hands-on experience in hardware & software development for embedded system. The FDP will be customized for the training on microcontroller uses in embedded system. The FDP will provide hands-on practice on KEIL Simulator. Further, a brief overview of ARM Processor Cortex M3 will help for future enhancement of performance of the embedded systems.

Topics Covered:

- Introduction to Overview of Embedded System : Design challenge – optimizing design metrics
- Three key embedded system technologies
- Microprocessor vs Microcontroller, Types of microcontroller, 8051 Family microcontroller
- Programming of 8051 micro-controller, Assembly & C language programming
- Programming of Microcontroller on KEIL Simulator & Circuit Simulation on Proteus Software
- Features of Cortex M3, Advantages of using ARM, Development tools

eMail: office@rietry.co.in Website: www.rietry.co.in Ph: +91 91212 14413

Program Outcomes:

At end of the Faculty Development Program all the participants will be able to

- The industry-standard tool chain for all 8051-compatible devices. It supports classic 8051, Dallas 390, NXP MX, extended 8051 variants, and C251 devices. The μ Vision IDE and debugger offer complete device simulation and various debug solutions.
- This comprehensive software development environment caters to a range of Arm Cortex-M based microcontroller devices. It includes the following components:
- Keil Studio: A versatile integrated development environment (IDE) that facilitates software development.
- μ Vision IDE and Debugger: An essential tool for writing, debugging, and analyzing code.
- Arm C/C++ Compiler: Enables efficient compilation of code.
- Middleware Components: Essential building blocks for embedded systems development.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE. Mechanical Engineering branch was started with an intake of 60 in the year 2011. CSE (AI&ML), CSE (DATA SCIENCE) branches were started with an intake of 60 students each in the year 2022. RIET has completed 14 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its twelfth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

- Understanding and improve the subject skills theoretical and practical manner in the fields of Cyber Security in the Era of Artificial Intelligence (AI) as per the present trends and technologies.
- It will help all the participants to learn, teach and research regarding AI tools and techniques for the security purpose in different domains like agriculture, health, education and business etc...

improves the chances of getting research ideology in the following domains such as

- ✓ Cyber Security
- ✓ Artificial Intelligence (AI)

Topics to be Covered

- Cyber Security, Scam and Law
- Anti-Ransom ware
- Security in Fin Tech
- Use off normal verification in Security Analysis
- Block chain Technology
- Digital Forensics
- Cryptography and Modern Cryptography
- Quantum Computing and Cryptography
- Post Quantum Cryptography
- Artificial Intelligence, Artificial Neural Networks and Deep Learning
- Deep-Fakes using GANs (Generative Adversarial Networks) and Cyber Security

PROGRAM REPORT

Name of the Program : "Cyber Security in the Era of Artificial Intelligence (AI)"

Date/Duration : 01-05-2023 to 06-05-2023 (Six Days).

Resource Person : Dr. B V S Varma, M.Tech, Ph.D
Professor, CSE Dept.
Vice Principal,
DNR CET Bhimavaram,

Phone : 9666575424

EMail : phdvarma@gmail.com

Name of the Coordinator : Mrs. K Jyothi, Assistant Professor, CSE Dept, RIET.

No of the Participants :35

Program Objectives:

This Faculty Development Program that enlightens the knowledge of all the participants and faculty in the following aspects:

- Understanding and improving the subject skills theoretical and practical manner in the fields of Cyber Security in the Era of Artificial Intelligence (AI) as per the present trends and technologies.
- It will help all the participants to learn, teach and research regarding AI tools and techniques for the security purpose in different domains like agriculture, health, education and business etc...
- improves the chances of getting research ideology in the following domains such as
 - ✓ Cyber Security
 - ✓ Artificial Intelligence (AI)
- The followed Hands-on session on theoretical topics that imparts knowledge to participants about the tools and applications that may ease our day to day life and real time activities and the problems.

Topics Covered:

- Cyber Security, Scams and Law
- Anti-Ransomware
- Security in FinTech
- Use of formal verification in Security Analysis
- Block-chain Technology
- Digital Forensics
- Cryptography and Modern Cryptography
- Quantum Computing and Cryptography
- Post Quantum Cryptography
- Artificial Intelligence, Artificial Neural Networks and Deep Learning
- Deep-Fakes using GANs (Generative Adversarial Networks) and Cyber Security
- User Authentication using Deep Learning based methods.

eMail: office@rietrijy.co.in Website: www.rietrijy.co.in Ph: +91 91212 14413

Program Outcomes:

At end of the Faculty Development Program all the participants and Faculty will be able to

- Train and shine the learners and students in Cyber Security in the Era of Artificial Intelligence (AI) as well as make path for their career growth by guiding them.
- Applying the tools and applications of knowledge regarding Cyber Security in the Era of Artificial Intelligence (AI) in our day to day life to solve the problems by theoretical and analytical way.
- Developing a smart system incorporating the thrust areas and uses the learned applications that may ease our day to day and real-life activities.
- Make the machines and smart computing devices to adapting new trends and techniques of AI for the security purpose in various domains like health, agriculture, education and busyness etc... as per the requirements.
- Doing research and partitioning from academia and industry to gain insights into the developments along with the already existing research challenges in these domains, as well as a practical exposure to effective smart systems, tools, and related applications.

“Microsoft office for non teaching staff”

Schedule:

13-03-2023 to 18-03-2023

Venue: RIET Seminar Hall.

Organized by

Department Of Sciences and Humanities

**RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY**

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,

AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE. Mechanical Engineering branch was started with an intake of 60 in the year 2011. CSE (AI&ML), CSE (DATA SCIENCE) branches were started with an intake of 60 students each in the year 2022. RIET has completed 14 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its twelfth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Sciences and Humanities was established in the year 2008 with an intake of 264 students. The main objective of the department is to provide a conceptual base in Basic Sciences which form a foundation to the Engineering subjects and it is instrumental in grooming the students into competent Engineers and individuals through training in Soft Skills, to compete for global opportunities. In view of the rapid development of knowledge and the technological changes, the department seeks to strengthen itself by integrating it with the engineering departments for a productive knowledge base. The department has been encouraging to conduct of workshops and seminars to enable the faculty to keep abreast of the knowledge and methodologies in the respective fields of research. The department can also help engineers understand the broad social and cultural impacts of applying knowledge to address challenges and opportunities in the workplace and in their communities.

About the Program

This Faculty Development Program or workshop that enlightens the knowledge of all the participants in the following aspects:

In the modern higher education landscape, non-teaching staff play a crucial but often overlooked role in ensuring the efficient operation of universities and colleges. They manage administrative tasks, provide vital student support, and facilitate communication between departments. Proficiency in productivity suites like Microsoft Office has become essential for these unsung heroes. "Enhancing Office Productivity: Microsoft Office Training for Non-Teaching Staff" has been designed to cater to their specific needs. This program equips non-teaching staff with essential skills to maximize the potential of Microsoft Office tools, enhancing proficiency in Word, Excel, PowerPoint, Google Workspace, and Google Drive. Participants gain practical insights and techniques to streamline tasks, encourage collaboration, and boost overall productivity. These skills enable them to excel in their roles, contributing significantly to the success of academic institution.

Topics to be Covered

- Introduction to Microsoft
- Document Formatting and Efficiency
- Advanced Word
- Introduction to Power Point
- Introduction to Microsoft
- Data Management and Analysis using Excel
- Advanced Excel
- Outlook and One Drive

Program Objective:

This Administrative Training Program or workshop that enlightens the knowledge of all the participants in the following aspects:

In the modern higher education landscape, non-teaching staff play a crucial but often overlooked role in ensuring the efficient operation of universities and colleges. They manage administrative tasks, provide vital student support, and facilitate communication between departments. Proficiency in productivity suites like Microsoft Office has become essential for these unsung heroes. "Enhancing Office Productivity: Microsoft Office Training for Non-Teaching Staff" has been designed to cater to their specific needs. This program equips non-teaching staff with essential skills to maximize the potential of Microsoft Office tools, enhancing proficiency in Word, Excel, PowerPoint, Google Workspace, and Google Drive. Participants gain practical insights and techniques to streamline tasks, encourage collaboration, and boost overall productivity. These skills enable them to excel in their roles, contributing significantly to the success of academic institution

Topics Covered:

- Introduction to Microsoft
- Document Formatting and Efficiency
- Advanced Word

PROGRAM REPORT

Name of the Program : A one Week Administrative Training Program on “Microsoft Office for Non-Teaching Staff”

Date/Duration : 13.03.2023 to 18.03.2023 (One week)

Timings : 03:30 PM to 4:30 PM

Resource Person Details

Name : G Swarna Latha

Designation : Assistant Professor

Department : CSE

Organization : RIET College

Email Id : dasarismwarnaprasad@gmail.com

Contact Number : 9440894420

Name of the Coordinator: Mr. P Satish Kumar, Assistant Professor, RIET College

Number of Participants : 20

Program Objective:

This Administrative Training Program or workshop that enlightens the knowledge of all the participants in the following aspects:

In the modern higher education landscape, non-teaching staff play a crucial but often overlooked role in ensuring the efficient operation of universities and colleges. They manage administrative tasks, provide vital student support, and facilitate communication between departments. Proficiency in productivity suites like Microsoft Office has become essential for these unsung heroes. "Enhancing Office Productivity: Microsoft Office Training for Non-Teaching Staff" has been designed to cater to their specific needs. This program equips non-teaching staff with essential skills to maximize the potential of Microsoft Office tools, enhancing proficiency in Word, Excel, PowerPoint, Google Workspace, and Google Drive. Participants gain practical insights and techniques to streamline tasks, encourage collaboration, and boost overall productivity. These skills enable them to excel in their roles, contributing significantly to the success of academic institution

Topics Covered:

- Introduction to Microsoft
- Document Formatting and Efficiency
- Advanced Word
