## About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

## About the Department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

## About the Program

This Faculty Development Program or workshop that enlightens the knowledge of all the participants and faculty in the following aspects:

- Create interest, train and shine the learners and students towards machine learning and deep learning and realize them themselves how importance of the Machine Learning and Deep Learning for present trends.
- improves the chances of getting research ideology in the following domains such as
  - ✓ Machine Learning and
  - ✓ Deep Learning.

## Topics to be Covered

- Importance of Machine Learning, Regression Models.
- Dimensionality Reduction Techniques, Neural Networks and Artificial Neural Networks.
- Unsupervised Learning, Gaussian Mixture Models, Hidden-Markov Models.
- Introduction to Image Processing, Natural Language Processing.
- Deep Learning for NLP, Generative Adversarial Networks.
- Convolutional Neural Networks and Fully Convolutional Networks.

**PROGRAM REPORT**

**Name of the Program** : "Machine Learning to Deep Learning: Trends & Challenges"  
**Date/Duration** : 23-11-2020 to 28-11-2020 (Six Days).  
**Resource Person** : Dr. S. Govind Rao, M.Tech, Ph.D  
Associate Professor,  
Dean of Academics,  
GRIET Hyderabad,  
**Phone** : 8712848071  
**Email** : govindsampathirao@gmail.com  
**Name of the Coordinator** : Mr. CH Gopi, Assistant Professor, CSE Dept, RIET.  
**No of the Participants** : 43

**Program Objectives:**

This Faculty Development Program or workshop that enlightens the knowledge of all the participants and faculty in the following aspects:

- Understanding and improve the subject skills theoretical and practical manner in the fields of Machine Learning and Deep Learning as per the present trends and technologies.
- Create interest, train and shine the learners and students towards machine learning and deep learning and realize them themselves how importance of the Machine Learning and Deep Learning for present trends.
- improves the chances of getting research ideology in the following domains such as
  - ✓ Machine Learning and
  - ✓ Deep Learning.
- The followed Hands-on session on theoretical topics that imparts knowledge to participants about the tools and applications that may ease our day to day life and real time activities and the problems.

**Topics Covered:**

- Importance of Machine Learning, Regression Models.
- Dimensionality Reduction Techniques, Neural Networks and Artificial Neural Networks.
- Unsupervised Learning, Gaussian Mixture Models, Hidden-Markov Models.
- Introduction to Image Processing, Natural Language Processing.
- Deep Learning for NLP, Generative Adversarial Networks.
- Convolutional Neural Networks and Fully Convolutional Networks.

### Program Outcomes:

- At end of the Faculty Development Program all the participants and Faculty will be able to
- Train and shine the learners and students in Machine Learning and Deep Learning as well as make path for their career growth by guiding them.
  - Applying the tools and applications of knowledge regarding Machine Learning and Deep Learning in our day to day life to solve the problems by theoretical and analytical way.
  - Developing a smart system incorporating the thrust areas and uses the learned applications that may ease our day to day and real-life activities.
  - Make the machines and smart computing devices to adapting new trends of accessing, processing and retrieving the data and analyze it as per the requirements.
  - Doing research and partitioning from academia and industry to gain insights into the developments along with the already existing research challenges in these domains, as well as a practical exposure to effective smart systems, tools, and related applications.

## About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge.

The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged

Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

## About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes. Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

## About the Program

To enable the student to become familiar with satellites and satellite services.

- Study of satellite orbits and launching.
- Study of earth segment and space segment components
- Study of satellite access by various users
- Study of satellite orbits and launching.
- Study of earth segment and space segment components

### Topics to be covered

- Role of ITU in Spectrum Management for Terrestrial & Satellite Services
- Satellite communication System Overview
- Satellite Launch & Rocket Recovery
- High Altitude Aeronautical Platforms
- Mobile Satellite Systems
- Optimizing Satellite System

The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

## About the Department

The Department of Electrical Engineering is one of the oldest departments of Engineering. Established as one of the major departments of the Institute, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers undergraduate (B.Tech).

The department can boast about 10 well equipped labs, latest simulation and design software, excellent staff- student ratio who are continuous engaged in teaching- learning process. Four batches have successfully completed their degree and are placed as well. The dept keen on developing consultancy services and welcomes funding research from outside agencies. ## About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE. Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 12 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its tenth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.
