6.3.3 List of Teaching and Non-Teaching staff participating in FDPs and MDPs/ATPs during the last five years

A.Y :2019-2020

S.No.	Name of the Faculty	Title of the FDP	Date(s) From-To
1	Kothapalli Ravi Kumar	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
2	P.Kuldeep	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
3	Kalepu Dhanalakshmi	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
4	G.Bharathi Srija	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
5	Davuluri Parvathi	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
6	Garapati Krishna	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
7	Rajamandrapu Srinivas	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
8	Pulidindi Venkata Ratnam	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
9	Bhimadolu Vijaya	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
10	M. Arjuna Rao	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
11	Kallakuri Veerabhadracharyu	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
12	Doma Jyothi	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
13	Dasrai Vijay Harshavardhan	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019

14	Tadepalli Gangadhara Rao	A one week FDP on Drone Technology	21-10-2019 to 26-10-2019
15	Nallamilli Veerendra Kumar Reddy	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
16	Attru Hanumatha Rao	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
17	Yanamandra L S S V Prasad	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
18	Gara Jaya Raju	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
19	Jagatha Satya Narendra Kumar	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
20	Mohammad Amanullah	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
21	L.M.R.D.Pradad	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
22	Ramapatruni Rambabu	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
23	Kotla N V Ramya Devi	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
24	Ksnv Jyotsna Devi	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
25	Seerapu Bharathi Devi	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
26	Nakka Sindhuri	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019
27	Anukula Josh Mary	A one week FDP on Emerging Advancement in IOT and Machine Learning Technologies	21-10-2019 to 26-10-2019

About the Institute

Rajahmendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE. Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Electronics and Communication Engineering, Rajamahendri Institute of Engineering and Technology was established in the year 2008. The department of ECE has been known for its exceptionally strong Under-Graduate training programmes.

Ranked among the prominent in East Godavari, the department has always been on a progressive path, thanks to the experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education.

About the Program

The objective of the Faculty Development Program on "Drone Technology" was to equip faculty members with in-depth knowledge on Drone Technology and overcome. Their quickly re-establishes traditional agrarian practices and is subsequently accomplishing. Irrigation Monitoring

-Drones, including hyper spectral, thermal, or multi spectral sensors, recognize areas that are too dry or need improvement by the farmer. Drone survey helps improve water efficiency and disclose potential pooling/leaks in irrigation by providing Irrigation monitoring yields calculations of the vegetation index to help realize the health of crops and emitted heat energy.

Topics to be Covered

- Introduction to Drone System
- Introduction to Drone sensor and the Interfacing Hazard Identification
- Computer Vision and Deep Learning for Drone
- Accident investigation techniques: Fault Tree Analysis 'FTA'
- Elements of emergency planning
- Policy and Planning for emergency preparedness and response
- Techniques for improving safety culture

PROGRAM REPORT

Name of the Program : A One-Week Faculty Development Program on “Drone Technology”
Date/Duration : 21-10-2019 to 26-10-2019 (One Week).
Timings : 09:30AM to 04:00PM

Resource Person Details:

- **Name** : Dr.D.Sanjay
- **Designation** : Professor
- **Department** : ECE
- **Organization** : Aditya Engineering College
- **Email Id** : sanjay.dr63@acoe.edu.in
- **Contact Number** :9765436369

Program Objectives:

The objective of the Faculty Development Program on “Drone Technology” was to equip faculty members with in-depth knowledge on Drone Technology and overcome their quickly reestablishes traditional agrarian practices and is subsequently accomplishing. Irrigation Monitoring -Drones, including hyper spectral, thermal, or multispectral sensors, recognize areas that are too dry or need improvement by the farmer

Topics Covered:

- Introduction to Drone System
- Introduction to Drone sensor and the Interfacing Hazard Identification
- Computer Vision and Deep Learning for Drone
- Accident investigation techniques I: Fault Tree Analysis ‘FTA’
- Elements of emergency planning
- Policy and Planning for emergency preparedness and response
- Techniques for improving safety culture

Program Outcomes:

At the end of the day Faculty able to

- Understand the agricultural drone technology is undoubtedly the future of the Indian agrarian community. It can transform traditional farming methods in uncountable ways.
- Even though this technology is more complex to be familiar with, it will yield its results in no time once learned.
- Farmers must understand the entire process. Determination of goals, creating equilibrium in the drone and software utilized, and being familiar with the principles of using such technology will stand as a challenge.
- The farmers will inevitably need comprehensive training or partnerships with third-party experts in the drone industry for the acquisition of reliable data. Drones have changed the course of obtaining data in almost every type of industry, and will only deem to become bigger and better in the coming years.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the department

The Computer Science and Engineering department was established in the year 2008 with initial intake of 60 seats, increased to 120 in the year 2010. The Department of Computer Science and Engineering has a mission to empower every student to be industrious, creative and quality conscious in the field of Information Technology by imparting quality technical education and inculcating human and ethical values. The faculty members are highly qualified and experienced with specialization in Machine Learning, Data Science, Networking, Algorithms, Data Mining, Image Processing, Software Engineering, Network Security, Computer Vision, Web Technologies, Internet of Things, Cloud Computing Services etc. Students are given proper exposure to current trends including IOT applications design and development, Cisco network management and administration, cloud services, bio-informatics, software architecture, sensor networks, cloud computing, mobile computing, soft computing, block chain technology, and artificial intelligence etc. through workshops, guest lectures, seminars by industry experts and professionals.

About the Program

This Faculty Development Program or workshop that enlightens the knowledge of all the participants in the following aspects:

- To understanding the in-depth about the concepts of IoT and Machine Learning and Full stack development in theoretical and analytical way as well as their applications, tools and its' uses in today's world
- To understanding about growing of present technologies based on IOT and Machine Learning and create interest towards these technologies, make and build the plenty of students and learners career in these domains.
- Chances of getting research ideology in these IOT and Machine Learning domains.

Topics to be Covered

- Implementation of ML Models in Python on Google Collab.
- Various aspects of Internet of Things.
- Open source: Foundation of everything.
- Waterfall methodology vs Agile methodology.
- Latest trends in Machine learning.
- SDN and NFV introduction3.

DATE: 28-10-2019

PROGRAM REPORT

Name of the Program : " Emerging Advancement in IOT and Machine Learning Technologies"

Date/Duration : 21-10-2019 to 26-10-2019 (Six Days).

Resource Person : Dr. P Vara Prasad, M.Tech, Ph.D.
Professor,
CSE Dept,
GRIET,
Bochupally
Hyderabad.

Phone : 9032579779, 8317666978
Email : Prasad.p@griet.ac.in

Name of the Coordinator : Mrs. G Swarna Latha, Assistant Professor, CSE Dept, RIET.

No of the Participants : 32

Program Objectives:

This Faculty Development Program or workshop that enlightens the knowledge of all the participants in the following aspects:

- To understanding the in-depth about the concepts of IoT and Machine Learning and Full stack development in theoretical and analytical way as well as their applications, tools and its' uses in today's world
- To understanding about growing of present technologies based on IoT and Machine Learning and create interest towards these technologies, make and build the plenty of students and learners career in these domains.
- Chances of getting research ideology in these IoT and Machine Learning domains.
- The followed Hands-on session on theoretical topics that imparts knowledge to participants about the applications and tools in practical approach that may ease our day to day and real life activities and the problems.

Topics Covered:

- Implementation of ML Models in Python on Google Collab.
- Various aspects of Internet of Things.
- Open source: Foundation of everything.
- Waterfall methodology vs Agile methodology.
- Latest trends in Machine learning.
- SDN and NFV introduction3.

RAJAMAHENDRI INSTITUTE OF ENGINEERING & TECHNOLOGY

(Approved by AICTE, New Delhi, Affiliated to JNTUK, Kakinada, Accredited BY NAAC)
BHOOPALAPATNAM, RAJAMAHENDRAVARAM, E.G. Dist., AP, 533107.
eMail: office@rietrijy.co.in Website: www.rietrijy.co.in Ph: +91 91212 14413

Program Outcomes:

- At end of the Faculty Development Program all the participants and Faculty will be able to
- Enlighten their knowledge regarding IoT and Machine Learning and Full Stack Development.
- Creating interest, guiding, designing and molding the career paths of students and learners towards these technologies
- Ease to face the day to day life activities and problems using these technologies related various applications and tools in theoretical and analytical way.
- Developing a smart system incorporating the thrust areas and uses the learned applications that may ease our day to day and real-life activities.
- Adapting new trends and technologies to accessing, processing and retrieving the data and analyze it and train the smart computing machine according to produce the requires results.
- Partitioning and doing research from academia and industrial organizations to gain insights into the developments along with the already existing research challenges in the above domains, as well as a practical exposure that related to effective smart systems, tools, and related applications.

RAJAMAHENDRI
INSTITUTE OF ENGINEERING &
TECHNOLOGY

Approved by AICTE, New Delhi Affiliated
by JNTUK and Accredited by NAAC
Bhoopalapatnam, RAJAMAHENDRAVARAM,
AP, 533107.

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector.

The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Sciences and Humanities was established in the year 2008 with an intake of 264 students. The main objective of the department is to provide a conceptual base in Basic Sciences which form a foundation to the Engineering subjects and it is instrumental in grooming the students into competent Engineers and individuals through training in Soft Skills, to compete for global opportunities. In view of the rapid development of knowledge and the technological changes, the department seeks to strengthen itself by integrating it with the engineering departments for a productive knowledge base. The department has been encouraging to conduct of workshops and seminars to enable the faculty to keep abreast of the knowledge and methodologies in the respective fields of research. The department can also help engineers understand the broad social and cultural impacts of applying knowledge to address challenges and opportunities in the workplace and in their communities.

About the Program

The objective of the "Soft Skills Development for Academic Success" FDP was to enhance the soft skills of engineering faculty members, empowering them with the tools necessary for effective communication, leadership, time management, and interpersonal skills. The program aimed to equip faculty members with the skills needed to become better educators and mentors to their students.

Topic to be covered

- Effective Communication Skills
- Interpersonal Skills and Conflict Resolution
- Time Management and Stress Management
- Leadership and Decision-Making Skills
- Problem-Solving Skills
- Presentation and Public Speaking Skills

Date : 27.08.2019

PROGRAM REPORT

Name of the Program : A one Week Faculty Development Program on "Soft Skills Development for Academic Success".

Date/Duration : 19.08.2019 to 24.08.2019 (One week)

Timings : 9:30 AM to 4:00 PM

Resource Person Details

Name : S N A A Mashahaddi

Designation : Assistant professor (Soft skills Trainer)

Department : HBS

Organization : B V C Engineering College(A)

Email Id : sanamashahaddi.bvce@bvcegroup.in

Contact Number: 9618147008

Name of the Coordinator: Mr. P Satish Kumar, Assistant Professor, S&H Dept

Number of Participants : 62

Program Objective: The objective of the "Soft Skills Development for Academic Success" FDP was to enhance the soft skills of engineering faculty members, empowering them with the tools necessary for effective communication, leadership, time management, and interpersonal skills. The program aimed to equip faculty members with the skills needed to become better educators and mentors to their students.

Topics Covered:

- Effective Communication Skills
- Interpersonal Skills and Conflict Resolution
- Time Management and Stress Management
- Leadership and Decision-Making Skills
- Problem-Solving Skills
- Presentation and Public Speaking Skills

RAJAMAHENDRI

INSTITUTE OF ENGINEERING & TECHNOLOGY

(Approved by AICTE, New Delhi, Affiliated to JNTUK, Kakinada, Accredited BY NAAC)

eMail: office@rietry.co.in

Website: www.rietry.co.in

Ph: +91 91212 14413

Outcome of the Program:

- Enhanced Soft Skills: Faculty members improved their soft skills, enabling them to communicate more effectively, build better relationships, and manage their time and stress efficiently.
- Increased Confidence: Participants gained confidence in their ability to lead, make decisions, and present their ideas effectively.
- Better Teaching and Mentorship: Faculty members reported that the skills learned during the program positively impacted their teaching methods and mentorship abilities.
- Action Plans: Participants developed action plans to implement what they learned in their day-to-day activities, benefiting both their careers and the students they interact with.
- Collaboration: The program facilitated collaboration among faculty members from various engineering departments, strengthening the overall faculty community.

The "Soft Skills Development for Engineering Faculty" FDP was instrumental in equipping engineering faculty with essential soft skills, empowering them to excel in their roles and contribute positively to the development of their students and the institution.

Resource person: **Mr. S N A A Mashahaddi** created awareness on "Soft Skills Development for Academic Success" for faculty members

About the Institute

Rajamahendri Institute of Engineering and Technology popularly known as "RIET" was established in the year 2008 in Rajahmundry by "The Swarnandhra Educational Society" pioneered by Technocrats, Academicians and Philanthropists with a concrete plan to offer excellence in technical education and to meet the present as well as the changing needs of the corporate sector. The college is located in a peaceful and lush green environment away from the din and bustle of the crowded city life which is free from pollution and congenial to attain technical knowledge. The college is affiliated to JNTUK Kakinada and approved by AICTE, New Delhi, Accredited by NAAC and Govt. of Andhra Pradesh. The college was started in the year 2008 with an intake of 240 students in 4 branches of B.Tech., with 60 students each in EEE, ECE, CSE and Mechanical Engineering branch were started with an intake of 60 in the year 2011. RIET has completed 11 years of successful functioning in the areas of Teaching, Learning, Evaluation, Research, Career planning, Training and Placement and is now in its ninth year of its existence. The college is making rapid strides in the field of technical education and has emerged as a reputed institution in the JNTUK, Kakinada, Andhra Pradesh region. The institution always tries to look ahead in pursuit of excellence. All the management members of the college believe in adapting to the changes in advanced technologies. They continuously develop the infrastructural and instructional facilities of the institution for better performance in Engineering & Technology programmes.

About the Department

The Department of Sciences and Humanities was established in the year 2008 with an intake of 264 students. The main objective of the department is to provide a conceptual base in Basic Sciences which form a foundation to the Engineering subjects and it is instrumental in grooming the students into competent Engineers and individuals through training in Soft Skills, to compete for global opportunities. In view of the rapid development of knowledge and the technological changes, the department seeks to strengthen itself by integrating it with the engineering departments for a productive knowledge base. The department has been encouraging to conduct of workshops and seminars to enable the faculty to keep abreast of the knowledge and methodologies in the respective fields of research. The department can also help engineers understand the broad social and cultural impacts of applying knowledge to address challenges and opportunities in the workplace and in their communities.

About the Program

This Faculty Development Program or workshop that enlightens the knowledge of all the participants in the following aspects. The overall enhancement of students would be completed only when the facilitators in academic, practical, and administration all contribute to the improvement of the student and make them more successful. Therefore, not just in teaching, non-teaching staff also has an important role to play. It has been observed that only teaching staff or the faculty get some training for their development but there is hardly any training program for the non teaching staff, Administrative Staff, and Lab Technicians resulting in an imbalance in the student's growth, so it is recommended that for the best outcome the Institution should ensure the training for both teaching and non teaching staff.

Topics to be Covered

1. Administrative Process and Procedures
2. Financial Rules and Procedures
3. Establishment Rules and Procedures
4. Lab Safety and Lab Procedures
5. Library Management

Outcome of the Program:

At end of the Administrative Training Program all the participants and Staff will be able to proper planning when working towards completing the tasks

- Non-Teaching Staff desires to have a good reputation as an effective contributor to the Mission/Vision and Objectives of the university/college early on in their careers.
- Professional development activities should be given to both academic, administrative, and Non-Teaching Staff as it should be an ongoing process.
- The Non-Teaching Staffs regardless of the number of years of working in the university/college is focused more on establishing the foundation for their career as manifested by their need for professional development characterized by their need to be trained on Developing and Achieving Personal Goals, Career Planning and Goal Setting, Understanding Nonverbal Communication, and Preventing Job Burnout.
- Non-Teaching Staff Training Program on Augmentation in Perfection of Working Proficiency of Non-Teaching Staff and Officers will help the Non-Teaching Staff to boost their Perfection and improve their Proficiency at Workplace.

Resource person **Dr. D N Purnima** created awareness on “**Working Proficiency of Non-Teaching Staff and Office**” for staff members
